On behalf of the Assembly, I welcome you all to the County Assembly of Mombasa.

*(Applause)*

*Karibuni sana.* Yes Clerk, next Order?

### **NOTICE OF MOTION**

Yes Hon. Ramla Said, nominated MCA representing the persons with disability.

STANDARDIZATION OF EXAMINATION FEES FOR PERSONS LIVING WITH DISABILITY

**Hon. Said:** Thank you very much Mr. Speaker Sir, I beg to give notice of the following Motion and I also beg Mr. Speaker for Hon. Moses Aran to read for me. Thank you.

*(Applause)*

**Hon. Aran:** Mr. Speaker I beg to give a Notice of Motion on behalf of my colleague Hon. Ramla.

*(Hon. Aran read the Notice of Motion)*

Mr. Speaker Sir, I beg to give notice of the following Motion;

THAT AWARE that for purpose of registration of Persons living with disability, it is mandatory requirement for one to undergo medical examination by a registered Medical Officer in a registered and certified health facility to ascertain the disability;

FURTHER AWARE that medical services are now a devolved function pursuant to the Fourth Schedule of the Constitution, 2010;

NOTING THAT People living with disability are considered marginalized in the society and in most cases do not have a source of livelihood because they have not been fully empowered;

Mr. Speaker Sir CONCERNED THAT Medical Officers in the health facilities within the County are charging different fees for assessment of People living with disability. Some charging a fee of as high as shs 1500;

I therefore urge this County Assembly to RESOLVE that:

The assessment/examination fees for Persons living with disability to be standardized to Kshs. 500 in all public health facilities within the County of Mombasa to make it more accessible to Persons living with disability.

*(Applause)*

Thank you Hon. Aran. Yes Clerk next Order?

#### CONTROL OF PUBLIC BEACHES

**The Speaker** (Hon. Khatri): Yes Hon. Amriya Juma Boy nominated MCA, please give the Notice of Motion.

**Hon. Amriya Juma:** Thank you Mr. Speaker. I beg to give the following Motion on control of beaches. Mr. Speaker Sir, I beg to give notice of the following Motion;

Mr. Speaker AWARE THAT, the Kenya Constitution, 2010, vide Part 4 of the Fourth Schedule provides that County parks, beaches and recreational facilities are functions of the County government;

FURTHER AWARE that, the County government is committed to improve both...

*(Silence)*

Sorry about that...

FURTHER AWARE that, the County government is committed to improve both its local and international tourism and the beaches are the key tourist attraction in Mombasa;

CONCERNED that, there has been recent rise of cases of harassment of beach goers and children by beach touts or beach boys along our County beaches;

FURTHER AWARE that there are rampant and rise of cases of alcohol and drug abuse among children visiting the beach;

Mr. Speaker Sir CONCERNED that, the beach has become a no man's land that has facilitated a breeding ground for crime in the County;

I therefore urge this County Assembly to RESOLVE that:

1. The County government of Mombasa to conduct an audit of genuine beach traders.
2. Enforcement unit to ensure that alcohol is not sold to underage persons.
3. The County government to ensure that all public beaches are free from harassment of beach goers and children by the Beach touts.

Thank you Mr. Speaker.

**The Speaker** (Hon. Khatri): Thank you Hon. Amriya. Yes Clerk, next Order please?

#### STATEMENTS

RESPONSE TO STATEMENT BY CHAIRPERSON COMMITTEE ON WATER, SANITATION AND NATURAL RESOURCES HON. KASSIM ON STATUS OF DRILLING BOREHOLES IN KIPEVU WARD

**The Speaker** (Hon. Khatri): Yes Hon. Fahad Kassim, the Chairperson Committee on Water, Sanitation and Natural Resources, please give the response to the Statement.

**Hon. Kassim:** Thank you Mr. Speaker. I would like to respond to the status of drilling boreholes in Kipevu Ward and also all other Wards that were allocated 22 boreholes in total that Mr. Speaker I have a response from my Department that eight boreholes were built and the contractor has not been paid yet so he is waiting for the payment. Once he gets his payment will continue with the remaining boreholes in the respective Ward accordingly. Thank you Mr. Speaker.

*(Applause)*

---

**The Speaker** (Hon. Khatri): Yes Clerk next Order?

**MOTIONS**

INSTALLATION OF LIGHT EMITTING DIODE (LED) IN MOMBASA COUNTY

**The Speaker** (Hon. Khatri): Yes Hon. Juma Kitula MCA Frere Town Ward please move the Motion.

**The Chief Whip** (Hon. Kitula): Mr. Speaker I beg to move the following;

THAT AWARE that street lighting is a mandate of the County government as provided under the Fourth Schedule Part Two (5) of the Constitution of Republic of Kenya, 2010;

FURTHER AWARE that street lights provide numerous benefits, including but not limited to promoting security, improving safety for drivers, riders and pedestrians;

NOTING THAT most LED streetlights are durable, luminous and save power compared to the current High Pressure Sodium (HPS) lights which have been installed by the County;

CONCERNED THAT most HPS lights currently installed in Mombasa County are not functional and/or durable and thus has been a security threat and a contributor to road accidents;

I therefore urge this County Assembly to RESOLVE that:

The County government of Mombasa through the Department of Transport, Infrastructure and Public Works to install LED Street Lights in the County which are cost effective in the long term and also to reduce insecurity and accident cases.

Mr. Speaker I beg Hon. Moses Aran to second the Motion.

*(Hon. Aran bowed)*

**The Speaker** (Hon. Khatri): Thank you Hon. Charles and Hon. Moses for seconding the Motion. Hon. Members I now propose the question that the Motion by Hon. Charles Juma Kitula on installation of Light Emitting diode (LED) street lighting in Mombasa County be considered by this House in the same terms as moved.

*(Question put and agreed to)*

Yes again Hon. Charles Kitula please make your contribution.

**The Chief Whip** (Hon. Kitula): Ahsante sana Mheshimiwa Spika na vile vile ningependa kutoa shukran kwa Wabunge wenzangu kuweza kunipatia ruhusa ili tuweze kujadiliana Hoja ambayo ipo mezani siku ya leo.

Mheshimiwa Mwenyekiti kwanza ningependa kuwafahamisha *The Light Emitting Diode* ni nini, au LED ni nini? Mheshimiwa Mwenyekiti *Light Emitting Diode* ni muundo wa taa wa kisasa ambao muundo huu umeundwa kwa njia ambayo inadumu kwa muda wa zaidi ya miaka mitatu endapo itaweza kuwekwa sehemu kadha wa kadha na vile ina uwezo wa kuhimili jua na mvua wakati wa tofauti za hali ya jua. Vile Vile ningependa pia kufahamisha HPS ambayo ni *High pressure sodium lights* ni nini? *High pressure sodium light* ni taa ambazo hivi sasa ziko katika serikali yetu ya Kaunti ya Mombasa. Taa hizi zinatoa muangaza wa njano kwa lugha ya Kiswahili ambazo ziko sasa katika serikali yetu ya Kaunti ya Mombasa, natumai niko sawa mwana falsafa anaweza kunikosoa kama atanikososa...

(Laughter)

Rangi ya njano ambayo inamulika mashinani Mheshimiwa Mwenyekiti, ukiangazia kwamba taa hizi zahitaji kufanyiwa marekebisho kila mara kwa mara, unapata taa inakuja kurekebishwa mwezi huu, baada ya wiki mbili inakuja kurekebishwa tena. Kwa hivyo ningependa kuweza kuhakikishia Wabunge wenzangu tunaweka taa hizi za muundo wa kisasa, ukiangalia katika Kaunti jirani ya Lamu Mheshimiwa Mwenyekiti hivi sasa ukienda kule Kaunti jirani ya Lamu imeweka taa hizi za LED Kaunti nzima na ukiingia wakati wa usiku au ukiwa juu wakati ukiwa kwa ndege unaona Kaunti nzima ya Lamu inawaka muangaza mweupe ambao unang'ara zaidi. Sasa ukija kwetu, ambako ni Kaunti 001 kulingana na Katiba yetu ya Kenya unashangaa unaona madoa doa, kuna manjano, sehemu nyengine giza, nyengine kweupe lakini uchunguzi wangu kuweza kuchunguza zile taa nyeupe zilizoko zimewekwa na kampuni ya KPC lakini zetu ni za njano huku ukiangalia sasa hizi za KPC ziko katika sehemu ambazo ni za kiserikali wale wanaotoa huduma za serikali ya ki taifa ndio walioweza hasa kuwekewa mataa hayo lakini huku mashinani ambako sisi tunakotoka taa nyingi ni hizi na ukiangalia taa hizi kulingana na utafiti wangu kwamba ziliwekwa na serikali ambayo iliweza kupita wakati kabla sisi hatujaweza kuingia uongozini, majukumu hasa ilikuwa ni kuweza kufuja pesa za wananchi maanake haiwezekani ikiwa kuna taa za kuweza kudumu wao wameweka taa ambazo baada ya wiki mbili unafanya marekebisho Mheshimiwa Mwenyekiti.

Kwa hivyo nikaweza kuja kukaa na Waheshimiwa wenzangu kwamba tuweze kuleta Hoja ili wananchi wetu waweze kuja kuona kwamba taa hizi za kisasa zinakuja na muelekeo mpya na mwangaza mpya, mwamko mpya wa Bunge na vilevile kuhakikisha kwamba serikali ambayo wewe kama Spika pia utaweza kuwa kwa historia kuweza kukaa kwenye kiti ambacho kinaweza kuzungumziwa Mheshimiwa Mwenyekiti. Hivyo basi langu mimi ni kuweza kuhakikisha kwamba Wabunge tuunge mkono Hoja yangu juu ya leo ili tuwapatie huduma wananchi wetu wa Mombasa waweze kupata mwangaza ambao hata sumni ile ya zamani ikianguka inaweza kuonekana. Ahsanteni sana.

(Applause)

**The Speaker** (Hon. Khatri): Thank you Hon. Charles Kitula. Yes Hon. Juma Renson Thoya?

**Hon. Thoya:** Ahsante sana Bwana Spika. Kwanza ningependa kuchukua nafasi hii kukushukuru kwamba kwa muda mfupi ambao nimeweza kukuomba wanafunzi wangu kutoka Wodi yangu ya Mikindani waweze kuja Bunge umeweza kuidhinisha kwa hivyo chukua shukran yangu ya kipekee kwamba watoto hawa wako ndani ya Bunge hili...

*(Applause)*

Kuweza kujifundisha taratibu za bungeni. Kwa hivyo naamini kwamba watachukua nafasi hii ili kusoma na kujifundisha zaidi ya yote ningependa kuchukua nafasi hii kuunga mkono Hoja ya Mheshimiwa mwenzangu Mheshimiwa Kitula pale ni Hoja ambayo imefika kwa wakati unofaa na unaostahili. Mombasa ni mji wa pili katika miji ya Kenya na haya mambo ya kuonekana kwamba bado tuko nyuma imepitwa na wakati; ni mji wa kitalii unahitaji huduma za kisasa. Kwa hivyo mimi ombi langu ni kwamba tuweze kupata haya mataa ambayo kwa sasa hivi utayaona ila sehemu fulani yako kiasi na sehemu fulni yako kiasi. Uchunguzi umezidi kuonyesha kwamba bei ya mataa haya ya kisasa na bei ya mataa ya zamani zinakaribiana kwa karibu lakini faida za mataa ya kisasa ni kubwa kwa sababu yanadumu kwa muda mrefu.

Yanatoa mwangaza mkubwa kuliko mataa ya kisasa, inasikitisha kwamba kwa saa hii waheshimiwa mara nyingi kuingia kwa mifuko yao kuweza kutoa pesa kurekebisha mataa hayo ya zamani kwa sababu Serikali yetu ya Kaunti kwa wakati huu haina *spare* ama haina vifaa vya kurekebisha mataa hayo. Tunasema umefika wakati wa kujikomboa kwamba pesa ya umma itatumika kufanya kazi ya umma. Waheshimiwa wengi wamekuwa wakitumia pesa zao za mishahara kufanya kazi za umma na mijadala mingi ambayo sasa inakuja hapa Bungeni ni ya kujikomboa matatizo yetu. Kwa hivyo naunga mkono Hoja hii.

**The Speaker** (Hon. Khatri): Thank you very much Hon. Juma Renson Thoya. Yes Hon. Ibrahim Omondi?

**Hon. Omondi:** Thank you Mr. Speaker Sir for the chance accorded. Let me also take this opportunity as the Chair of Education to thank you for welcoming these students from Kajembe Secondary school...

*(Applause)*

Mr. Speaker Sir, ladies and gentlemen i support this Motion and I am not only supporting but supporting fully. Mr. Speaker Sir as we realise that the Members of this House basically this House actually the residents powers us alot and the residents gave us that power they gave us the power to fulfil their needs. They also gave us the power of the wings to fly out their message of hope; the same people Mr. Speaker Sir they gave us the strength to work to the tough terrain which we are now walking this particular time and the driver need to challenge terrain power the time has come that this House wants to start to practice those powers.

Mr. Speaker Sir I want to appreciate the Member or the Chief Whip who has come up with this particular Motion and I want to challenge you that you have come with this Motion a bit earlier because I am a victim of this personally in my Ward. There are various of these HPS the so called High Pressure Sodium street lighting that had been put in my Ward but the production, the main production is not being appreciated by the residents, look at the light that is produced very dull Mr. Speaker Sir, it is not able to cub the security.

Mr. Speaker I want to add on that also look at rate of repairing these particular HPS or the High Pressure Sodium, look at the sequence of actually repairing them, it is just too much and that also comes with cost therefore we will all agree that we have to install these LED street lighting that means that one, we are going to go economical in spending because we shall not be going to have frequent repairs of these street lighting, that is one. Number two also Mr. Speaker Sir if we really do agree to pass this particular Motion the security will also be curbed. Finally before I sit down I want to say the durability; durability of this LED can be applauded in this House, I happen to have four or three in my Ward they are very durable and they take years and years for them to actually to be repaired I therefore support this Motion fully. Thank you.

*(Applause)*

**The Speaker** (Hon. Khatri): Thank you very much Hon. Ibrahim Omondi all the way from Airport Ward. Yes Hon. Kombe Nzai?

**Hon. Nzai:** Thank you very much Mr. Speaker to have been given me this opportunity to also air my views. The students and teachers welcome to County Assembly, the person on air is Hon. Kombe Nzai MCA from Kadzandani Ward. Mr. Speaker I stand to oppose the Motion.

*(Applause)*

And I stand to oppose the Motion with the following reasons; Mr. Speaker I believe life is like forces it keeps on changing day to day that is why people are moving from analogue to digital. So I think if my learned friend would maybe put his heading like moving from this pole post to the other pole post to go for the change it could be sounding analogue but using terms of ready for the change in the name of people spending a lot of money I don't think that one has a place, to me all is narrated from this Motion is that by the time the HPS were being introduced there was nothing else like LED. LED is the current version like the way we use to have the old system of computers, in the early days we used computers or rather the Televisions which were having the big stomach behind it...

*(Laughter)*

Now is the flat screen so this one Mr. Speaker I take them to be a change of events in life but I don't think it is really a money spending issue. So this Motion is as good as anything else but the terms of wasting County resources I don't think is the best word to be used otherwise I stand to oppose the Motion.

**The Speaker** (Hon. Khatri): Thank you very much Hon. Kombe Nzai those are your views so Hon. Members anyone can give his views there is no harm, if you want to oppose you, oppose and if you want to propose, you propose you agree with the Motion. Yes Shebe Athuman?

**Hon. Athuman Shebe:** Ahsante sana Mheshimiwa Mwenyekiti. Kwanza kabla sijalitandika jamvi naona maumbile yangu Mheshimiwa Mwenyekiti ya Twiga yananihujumu ningependa niweze kupata *microphone* ya kusimama Mheshimiwa Mwenyekiti. Ahsante.

Ahsante sana Mheshimiwa Mwenyekiti kwa kunipatia fursa hii, kwanza kabisa ningependa kulikunjua jamvi hili kuwakaribisha watoto na wanafunzi wa shule ya Kajembe High pamoja na walimu wao ambao wamebahatika maanake Waswahili wasema yataka nafasi Mheshimiwa Mwenyekiti kula nanasi...

*(Applause)*

Leo tunawakaribisha katika Bunge letu muweze kusoma na vilevile muangalie maana baada ya takriban ya miaka tano, kumi hivi na nyinyi Mungu awajalie huenda mukawa katika mazingira kama haya...

*(Applause)*

Karibuni sana. Mheshimiwa Mwenyekiti kwanza kabisa ningependa kutia uhai Hoja iliyoletwa hapa mbele yetu na Mheshimiwa mwenza wa Frere Town ambaye pia vilevile kavaa pete ya Kiranja wa Bunge wa hili letu la Kaunti Assembli. Kwanza nataka kuua Hoja aliyoleta kwa sababu ni maoni yake Mheshimiwa Mwenyekiti na mimi hoja zangu nimeziika katika vifungu vitatu na nitapenda kuzungumzia hoja ambayo amemaliza nayo Mheshimiwa Mwenza wa Kadzandani asema kuwa swala la gharama halipo.

Mheshimiwa Mwenyekiti mimi sijabahatika kuzipata hizi taa za LED lakini Mheshimiwa alinitangulia kabla ya mimi ambaye alibahatika kuekewa. Kuna miradi ilifanyika Jomvu iliwekwa hizi taa za LED, Wallah Mheshimiwa Mwenyekiti kusema kweli ni thawabu takriban miaka mitano leo hakujafanywa marekebisho yeyote kwa zile taa zilizoko...

*(Applause)*

Je inamaanisha nini kutaka kuua Hoja iliyoletwa na Mheshimiwa mwenza ya gharama, leo mimi Waheshimiwa hali ya jamvi hali ya mkeka tujiulize wenyewe tumebadilisha *bulb* mara ngapi za hizi ziitwazo HPS? Kwa hivyo swala gharama hapa lipo lakini lipo ikiwa taa ziliwekwa miaka mitano iliyopita leo hatujafanya gharama hata moja marekebisho hata moja. Je Kaunti nzima ya Mombasa ikiwekwa hizi LED Mombasa itakuwa katika hali gani?

*(Applause)*

Tutakuwa tumesevu mamilioni mangapi ya senti Mheshimiwa Mwenyekiti na hizi senti zitakuwa zimeweza kuchukuliwa zikapelekwa katika Wizara nyingine ambayo ingehitaji zaidi kama Afya, Vijana na Elimu Mheshimiwa Mwenyekiti. Pili mandhari hizi taa zinaleta mvuto Mheshimiwa Mwenyekiti katika mandhari yetu; Wallah mimi na wewe tumejaliwa tukapanda mwewe lakini kwa bahati mbaya ama bahati nzuri mimi nikiwa nateremka pale Jomvu Kuu Airport Moi huwa na pitia Jomvu Kuu ikiwa ni usiku Mheshimiwa Mwenyekiti huwa naona kama Jomvu na dawa ya mchuzi Mheshimiwa Mwenyekiti. Mheshimiwa Mwenyekiti nikisema dawa ya mchuzi...

*(Laughter)*

*(Interruption)*

**The Speaker (Hon. Khatri):** Yes Hon. Amur?

**Hon. Murfad Amur:** Mheshimiwa Spika.

**The Speaker** (Hon. Khatri): Are you standing on a Point of Order or?

**Hon. Murfad Amur:** A point of clarification Mr. Speaker.

**The Speaker** (Hon. Khatri): Point of? Hon. Amur you are saying you're standing on what?

**Hon. Murfad Amur:** On a point of clarification.

**The Speaker** (Hon. Khatri): Under which Standing Order?

*(Laughter)*

**Hon. Murfad Amur:** Point of Information Mr. Speaker.

**The Speaker** (Hon. Khatri): But we are guided by our Standing Order?

**Hon. Murfad Amur:** Point of Information Mr. Speaker.

**The Speaker** (Hon. Khatri): Yes.

**Hon. Murfad Amur:** The Hon. Member has mentioned somebody *mwewe na wala sisi hatumuelewi kwamba mwewe ni nani? Atuelewe mwewe ni nani? Kinaga ubaga aseme.*

**The Speaker** (Hon. Khatri): Thank you Hon. Amur.

**Hon. Athman Shebe:** Ahsante Mheshimiwa Mwenyekiti. Kama mwanafalsaha wa lugha ya Kiswahili kuna njia nyingi Mheshimiwa kwa lugha; kuna zajazanda, kuna zalagaria, kwa hivyo najaribu Mheshimiwa Mwenyekiti kufananisha, mwewe una njia nyingi kwa hivyo mimi na wewe ama na wewe Mheshimiwa Mwenza hakuna vile utakuwa na mbawa wewe, kwa hivyo namaanisha chombo ambacho kinaweza kumbeba mwanadanu yeyote katika anga ni ndege, sio Mheshimiwa Mwenyekiti? Kwa hivyo ndege imetiliwa maumbile ama imechukua maumbile ya nini, maumbile ya ndege kwa sababu anaruka na mabawa. Kwa hivyo ndege ni mwewe kwa lugha nyingine hii ni jazanda Mheshimiwa Mwenyekiti inatumika hapa ahsante Mheshimiwa, tuko katika harakati ya ahsante.

Mheshimiwa nasema Jomvu usiku huwa ni mithili ya kana kwamba kumemwagwa dawa ya mchuzi kwa sababu zile taa zinawaka njano tupu sasa hii ni karne ipi Mheshimiwa Mwenyekiti na Mombasa usisahahu ndio mji wa pili kwa ukubwa Kenya nzima. Kwa hivyo tunatarajia pia maandhari yetu Mheshimiwa Mwenyekiti tuweke na teknolojia kwa hivyo hizi taa mnazona ziko na manufaa makubwa tunasevu gharama katika Kaunti ya Mombasa, sio kila siku bajeti yetu senti hazitoshi. Kwa hivyo ikiwa hii itaweza kuleta teknolojia mpya Mheshimiwa tutaweza kusevu pesa nyingi ambazo hizi pesa zitasaidia kwa kuweza kusaidia mambo mengine vile vile mandhari yetu ya Mombasa yatakuwa nadhifu, yatakuwa masafi, yatakuwa mazuri na ya kuvutia.

Kwa hivyo mimi bila kupoteza muda zaidi ningependa tu Hoja hii tuweze kuunga mkono na vile vile tuhakikishe Mheshimiwa kuwa itafanyiwa kazi, kwa sababu natarajia kuwa tumepitisha bajeti na tunatarajia kuwa Mheshimiwa Mwenyekiti mwenza wa uchukuzi yuko hapa na tunatarajia kuwa bajeti hii itakayokuja tutapata teknolojia mpya ili tuhakikishe kuwa maswala ya gharama tunayapunguzwa. Ahsante sana Mheshimiwa Mwenyekiti.

**The Speaker** (Hon. Khatri): Thank you Hon. Shebe Athman. Yes Hon. Mwamwiri?

**Hon. Athman Mwamwiri:** Ahsante Mheshimiwa Spika. Mheshimiwa Spika kabla sijatangaza msimamo mimi nina taaluma wa maswala ya umeme mbali na kuwa Mheshimiwa na hali kadhalika niko na hati au cheti cha maswala ya Kawi. Kwa hivyo mchango wangu kwanza ni kuunga mkono Hoja hii na pili naiunga kwa sababu kimanufaa kitaalam; Mheshimiwa Spika taa za LED kwanza ziko na umri ama *lifespan*, taa hizi zinaweza kudumu mara mbili ama wiki na zaidi ya taa ambazo tumekuwa tukiziwekeza katika mitaa yetu ambazo zinahitaji marekebisho mara kwa mara, kwa kukeza hizi serikali Gatuza inaweza kuhifadhi pesa mingi katika hali nzima ya *maintenance* na hivyo kupelekea bajeti hii kutumika inavyostahili kutumika basi na kukezwa zaidi katika maswala ya kushughulikia mataa yale ya kawaida.

Mheshimiwa Mwenyekiti taa hizi za LED watalam wanasema ni *highly efficient* ama ni hodari zinatumiwa moto wa chini ama moto kidogo Mheshimiwa ambazo hizi zinasaidia katika suala zima la kulipa *bill* na kuja katika usimamizi wa mataa kwa sababu ni jukumu la serikali Gatuza kulipa *bill* ya umeme kwa shirika la Kenya Power. Na mbali kwa kutumia taa za kawaida tumekuwa tukiona changamoto ambayo ina bajeti kubwa ya mataa haya yanaenda kulipia *bill*, hali kadhalika tukiweza kuwekeza katika taa hizi Mheshimiwa Mwenyekiti *bill* nyingi itaweza kushuka ipo kuweza kupeana fursa ya matumizi ya Kaunti idara hii kuweza kukezwa katika maswala mengine.

(Applause)

Mheshimiwa suala ya taa hizi za LED pia ni *improved security* ama kuimarisha kwa usalama, kwa sababu ile miunzi ama *emission* yenye inatoa taa hii Mheshimiwa ni za hali ya chini, ni asilimia *zero to ten* lakini taa za kawaida *emission* yake inayotoka ni karibia asilimia 90. Kwa hivyo tukitumia taa hizi za kisasa itakuwa ni mwafaka zaidi kwetu kama jamii na wapenda mazingira Mheshimiwa Mwenyekiti.

Mheshimiwa hali kadhalika taa hizi kama wataalam kuhusu tafsiri ya rangi; unapokuwa katika taa hizi za LED Mheshimiwa ama mtu anapopita chini ya taa hizi za LED itaonyesha hali halisi ya wazo baya kwa wakati ule, tofauti ya hizi taa zetu ambazo ukipita chini yake taa ya LED inamulika rangi ya njano lakini kama umevaa nguo nyeupe hiyo inaweza ikakupelekea ni kama umevaa nguo ya kijani, lakini kwa taa hizi hata katika maswala ya usalama tutasema palipita mtu fulani ama mtu wa nguo ya mtu fulani akiwa amevaa mavazi ya rangi hii na hii ambayo ni mavazi sahihi kulingana na tafsiri ya taa zile Mheshimiwa.

Mheshimiwa swala lengine katika hizi taa za LED zina usalama wa kimazingira kwa sababu haziundwi na kemikali hatari kama taa hizi za kawaida ambazo ziko na majina ya *sodium* na zengine kwa madini ya *mercury* ambazo Mheshimiwa Mwenyekiti baadhi ya matumizi ama taa hizi kuharibika itakuwa changamoto katika hali nzima ya kuziondoa na kuzihifadhi kwa sababu ya kemikali ambazo ziko ndani ya taa hizi.

Lakini hizi taa za LED Mheshimiwa Mwenyekiti hazina kemikali kwa hivyo twaweza ziondoa tukaziweka katika hali yoyote katika kutokuwa na hali ya kuharibu ama uchafuzi wa mazingira. Mwisho kabisa Mheshimiwa Mwenyekiti taa za LED kipima joto zake ama *temperature* ni ya chini si sawa na taa hizi ambazo ukimulika hapa Mheshimiwa ukikaa chini ya taa hizi za kawaida hata katika manyumba ile joto unaweza sikia ni ya hali ya juu tofauti na taa za LED hata ukakaa chini yake kwa masaa ya kuhesabu hakuna vile utahisi joto hakuna tofauti na taa za kizamani. Kwa hali hiyo Mheshimiwa faida za kitaalam na nazungumzia kitaalam ya kwamba taa hizi ni mwafaka zaidi katika wakati huu wa sasa, hususan katika Kaunti yetu ikiwa serikali yetu Gatuzi iko katika mji kwa kuboresha hali hii itakuwa imeboresha zaidi usalama na hali nzima ikiwa kivutio cha utajiri kwa sababu kutakuwa na uhuru wa kutembea usiku.

Kwa hivyo nasimama kuunga na kuomba Bunge hili kwa pamoja tuweze kuunga Hoja iliyoletwa na Mheshimiwa Kitula kupitisha Hoja hii na kuwezesha Idara husika kuweza kuwekeza mataa haya. Ahsante Mheshimiwa Spika.

**The Speaker** (Hon. Khatri): Thank you Hon. Mwamwiri. Yes Hon. Ahmed Khamis?

**Hon. Ahmed Khamis:** Ahsante Mheshimiwa Spika. Mimi pia nataka kuunga Mheshimiwa mwenzangu ambayo tumejitolea na Waheshimiwa wenzangu hivi ninavyozungumza na nyinyi ni wiki hii namshukuru Mwenyezi Mungu taa za LED zinaanza kwa eneo langu Majengo na vile vile pia ndio katika hali ya kusubiri kuongezewa manake taa zenyewe ni chache. Kwa hivyo lazima tutilie mkazo hizi taa zije kwa wingi manake twaonyeshwa vituko vidogo kama Mheshimiwa mwenzangu ana mifano kwa Kiswahili mimi sijui kungea ana Kiswahili kingi Bwana Shebe Athmani. Hivyo basi naunga Bwana Kitula kuwa taa za LED ni nzuri kuliko zile za HPS, kwa hivyo naunga sana mkono hii ipitishwe ili tupate taa. Ahsante sana Mheshimiwa Spika.

**The Speaker** (Hon. Khatri): Yes Hon. Mwamwiri?

**Hon. Athman Mwamwiri:** Ahsante sana Mheshimiwa Spika. Mheshimiwa Spika naomba kufahamu kama Mheshimiwa afahamishwe Bunge hili kama serikali Gatuzi ishaanza kutekeleza Hoja hii kabla hatujapitisha katika Bunge hili?

*(Applause)*

**The Speaker** (Hon. Khatri): Yes Hon. Ahmed Khamis?

**Hon. Ahmed Khamis:** Ahsante Mheshimiwa Spika, ndio na ndio nikasema taa tayari zimewekwa upande wangu, sasa hilo sio jibu litatatuliwa na wahusika wa Idara yenu. Ahsante sana Mheshimiwa Spika.

*(Applause and Laughter)*

**The Speaker** (Hon. Khatri): Hon. Ahmed Khamis I think the Hon. Member wants to clarify if those lights were put by private sector or they have put by County government?

**Hon. Ahmed Khamis:** County government.

**The Speaker** (Hon. Khatri): County government, thank you Honourable, yes Hon. Eveline Osongo?

**Hon. Osongo:** Thank you Mr. Speaker for the opportunity that you have given me. I stand to support the Motion in that LED street lights are durable, so if they are put in the streets they will avoid...

*(Applause)*

Avoid accidents such that during night time even people will be safe when they are walking during night time. Thank you Mr. Speaker.

**The Speaker** (Hon. Khatri): Thank you very much Hon. Osongo. Yes, Hon. Mohamed Hatimy?

**Hon. Mohamed Hatimy:** Ahsante Mheshimiwa Spika. Mheshimiwa Spika mimi nataka kuiunga mkono na kuongezea Mheshimiwa Mwamwiri kuongeza *advantage* ya hii LED, nataka kusema kuwa ukinunua LED, kwa sababu mataa ni mengi lakini ukinunua LED ya kisawasawa inatakikana ukupatie angalau 50,000 hours, 50,000 hours ya huduma ile inatakikana imekupatia.

Jambo la pili Mheshimiwa Spika LED tukiweka *sodium lights* kama ni 260 watts basi LED utaweka 80 watts. Kwa hivyo mwangaza ni mkubwa zaidi Mheshimiwa Spika na mimi pia nataka kutilia mkazo Kaunti iweze kubadilisha hizi taa zengine kwa sababu LED ziliwekwa na Power lakini vile vile ilikuwa ni mradi wa Kaunti ambayo ulidhaminiwa na shirika la Banki ya Dunia. Kwa hivyo nafikiri LED ukiweka *sodium* inakubidi ubadilishe taa yote lakini LED iko na *entrofitt* zake ambazo huhitajiki kutoa ile taa, *spare* ziko unabadilisha na taa zinaendelea kufanya kazi. Kwa hivyo naunga mkono Mheshimiwa Spika. Ahsante.

*(The Speaker (Hon. Khatri) exited the Chair)*  
*(The Temporary Speaker (Hon. Bwire) in the Chair)*

**The Temporary Speaker** (Hon. Bwire): Thank you Hon. Hatimy. Yes Hon. Faith Mwende Boniface?

**Hon. Mwende:** Thank you Mr. Speaker the floor is very obliged. Mr. Speaker I stand to support the Motion which was brought by our Chief Whip. Mr. Speaker it is a coincidence because it is this morning whereby I brought a Statement to know on the same. Mr. Speaker I happen in my Ward to have LED lights and HPS and the durability of LED lights is very durable and also efficient it has enough light and less watts.

Mr. Speaker as we use the public funds we have to look on a cost cutting because through the HPS we spend a lot of money repairing it so I urge the Transport Department to consider Installing the LED in the electrical poles in our Wards. Thank you Mr. Speaker.

*(Applause)*

**The Temporary Speaker** (Hon. Bwire): Thank you Hon. Faith. Yes Hon. Mwaka?

**Hon. Mwaka Bakari:** Ahsante Bwana Spika. Naunga mkono Hoja hii ambayo imetolewa na Mheshimiwa Kitula hususan mimi nikiwa Naibu Mwenyekiti wa Kamati ya Uchukuzi na majukumu haya ambayo saa zote tunapata habari ya kwamba moto umekatika ama tunaambia *bulb* zimeharibika mara hapa na pale. Lakini nina imani kubwa sana taa hizi zikiwekwa ili tuweze kusaidika na pia vile vile mambo ya moto saa zote kufanya marekebisho mambo ya ma *bulb*, ma *wire* mengine na mambo mengine kadhalika yataweza kutuondokea.

Kwa hivyo mimi naunga mkono Hoja hii ilioletwa na Mheshimiwa Kitula taa hizi ziweze kuletwa mashinani na vile vile nataka kuzimiminia sifa taa hizi zilivyo na uzuri kwa sababu kwa wengine tunazona zinafanya kazi vizuri. Ahsante Mheshimiwa Spika.

**The Temporary Speaker** (Hon. Bwire): Thank you Hon. Mwaka. Yes Hon. Amriya Juma Boy?

**Hon. Amriya Juma:** Thank you Mr. Speaker Sir. As much has been said, I wish to reiterate that we normally as an Assembly pass Motions I don't know what happens because there are very good Motions but the buck stops at the Implementation Committee because this Motion is self explanatory. As much as I want to support it because it's common knowledge LED lights are the super lights in town so it will enliven our Mombasa County but again what is sad about this we are not even sure if it will see the light of the day leave alone the light of the night in the Mombasa Street.

My concern Mr. Speaker is that once am sure I can read the mood of the House that we are in support and I think the Mover should not just stop at the Motion but should go ahead and make sure it will be fully implemented otherwise am in support of the Motion and it is timely, let bygones be bygones. Mr. Speaker where there are HPS they continue but moving forward when they are not in a good condition they could be replaced with the LED so that we can have efficiency, so I fully support my colleague Hon. Chief Whip for this Motion and congratulate him for the same.

**The Temporary Speaker** (Hon. Bwire): Thank you Hon. Amriya and again you have reminded of the task that the Committee of Implementation was directed to do, I think they are remaining with some few days to report back so the status of the all Motions that we have passed the response of the same was to be brought back by the said Committee so it's our hope that whatever we have discussed is being implemented and very soon we will be getting that response. Yes the Hon. Chairperson Committee on Transport and Infrastructure Hon. Prischillah? Yes please.

**Hon. Mumba:** Ahsante Mheshimiwa Spika. Nimesimama hapa kwanza kutangaza msimamo kama Mwenyekiti wa Barabara na Uchukuzi na nikisimama hapa pia kuunga mkono Hoja ilioletwa ambayo ni ya taa ya muundo wa kileo ambayo inatakikana katika Wodi zetu ili tuweze kuona mabadiliko na mwangaza unaostahili. Nikinukuu nafikiri Mheshimiwa Spika jambo hili ilikuwa Waziri ameshalianzisha lakini likawa halijasambaa katika Wodi nyingi lakini kuna Waheshimiwa kadhaa ambao wengine walikuwa hapa na wengine wametoka ni vile sikupata wakati nisimame wakiwa wako. Mfumo huo Waziri ameuanzisha na mataa kwanza 20, 20 ambayo yetu katika eneo Bunge la Mvita niliweza kuona akipeana Mheshimiwa Ahmed Khamis (Nyundo).

Nafikiri alisimama kunukuu ameona LED zimeanza kuletwa katika Wodi yake, ni kweli Mheshimiwa alivyozungumza jambo hili Waziri hata yeye pia amelipendekeza kuwa ni vyema tubadilishe mfumo huu twende katika mfumo wa LED lakini kwanza ikabidi alete mataa kidogo kama majaribio. Kwa hivyo nashukuru Mheshimiwa Kitula kwa kuleta Hoja hii...

*(Interruption)*

**Hon. Athman Mwamwiri:** Mr. Speaker Sir there's no quorum in the House.

**The Temporary Speaker (Hon. Bwire):** The quorum is only when we are about to start the session when the session is on we don't consider quorum, we only consider quorum when the session is yet to start but once it picks up Hon. Members even if I have two Members I will proceed until the end. Thank you for your concern. Yes Hon. Member?

**Hon. Mumba:** Ahsante Mheshimiwa Spika nitaendelea kuweza kunukuu manake ni wajibu wangu kama Mwenyekiti niweze kueleza mambo yale yanayoendelea katika Wizara. Ni kweli si kwingi ambako kumeguswa lakini hata mimi niliwahi kukaa na Waziri tukawa tumezungumza kwa kina kuhusu kubadilisha hizi taa kwa mfumo wa LED kwa sababu kusema kweli Mheshimiwa mwenzangu mmoja hapa amesema taa hizo zinadumu na hata yeye mwenyewe amejua akiwa atafanya kazi na LED hii presha ambayo anaikuta kwa kila Wodi ambayo mara kwa mara mataa yatajikana yabadilishwe na yawekwe mengine kwa sababu wakati kunanyesha hizi taa mara nyingi huwa zinakata umeme na huwa glopu inaungua. Sasa unakuta kila msimu wa mvua tuseme hata kwa wiki mvua ikinyesha mara tatu huwa hiyo Wodi ni kama ishamalizika zile taa kwa sababu huwa inakata lakini ninamshukuru Mheshimiwa Mwenzangu kwa kuleta Hoja hii lakini nataka tu kufahamisha Nyumba hii kuwa hilo ndilo azimio la Waziri ambaye anataka ahakikishe tutoke kwenye mfumo wa kitambo tuingie katika mfumo wa LED.

Kwa hivyo ninanukuu nikiwa Mwenyekiti nitatumia juhudi zangu zote nikae na Waziri nihakikishe hizi Wodi zetu zimeweza kusambazwa LED kwa wakati na kwa sababu tumepitisha bajeti juzi ninatarajia Waziri ataweza kuendelea na hiyo *pilot project* ambayo alikuwa ameianzisha ili kila mahali ziweze kusambaa. Ahsante Mheshimiwa Spika.

*(Applause)*

**The Temporary Speaker (Hon. Bwire):** Thank you. Yes Hon. Ogutu?

**Hon. Ogutu:** Ahsante sana Mheshimiwa Spika. Mimi sina mengi kwa sababu mazuri ya LED tumeelezewa na tunajua na ningeomba tu manake naona huu Mswada umepita tayari; *moving forward* hili si jambo la kujadili, *we are not supposed to do a pilot of this* tumekuwa na mataa haya ndani ya mitaa yetu hususan hapa mjini zimekuwa na tumeona uzuri wake haina haja tufanye *pilot* ile *procurement* yoyote ya taa ambayo itafanywa baada ya huu Mswada kupita tunaomba hata kama pesa iko kidogo kiasi *for the purposes of the value of money...*

*(Interruption)*

**The Temporary Speaker (Hon. Bwire):** Can you stick to one language Hon. Member.

**Hon. Ogutu:** ...For the purpose of value of the money Mr. Speaker I think we should stick to LED from the time that this Motion will be passed. Thank you Mr. Speaker.

*(Applause)*

**The Temporary Speaker** (Hon. Bwire): Thank you Hon. Member the mood of the House is that people are in agreement with the Motion. I will therefore invite the Motion mover Hon. Charles Kitula to reply.

**The Chief Whip** (Hon. Kitula): Ahsante Mheshimiwa Spika. Ningependa kuweza kutoa shukrani kwa Wabunge wenzangu kuhakikisha ya kwamba Mswada siku ya leo na vile vile kuweza kuipatia motisha zaidi Idara yetu kuweza kusema wataweka taa za LED katika Kaunti yetu ya Mombasa nzima. Ahsante sana Mheshimiwa Spika.

*(Applause)*

**The Temporary Speaker** (Hon. Bwire): Thank you. Hon. Members I therefore put a question that this House adopts a Motion Moved by Hon. Juma Charles Kitula on Installation of Emitting Diode (LED) street lighting in Mombasa County.

*(Question put and agreed to)*  
*(Applause)*

Yes Clerk?
