Yes Hon. Mwinga.

Hon. Mwinga: Thank you Mr. Speaker. Mr Speaker the owner of the Motion has just called me now, and he has informed me that he is not feeling well, so Mr. Speaker I think that should be given another time so that he can move the Motion.*(Business deferred)***Deputy Speaker** (Hon. Mswabah Rashid): It's okay. Yes Hon. Mwinga you requested you said you have a statement.**STATEMENT****Hon. Mwinga:** Yes, Mr. Speaker as we have been seeing almost the weather of this week it has rained very heavily, almost the whole County is affected and there is a lot of destruction in our areas. So Mr. Speaker i was just requesting the Committee in charge of Disaster to go round the whole of Mombasa County and make a very good report so that we can know exactly what are the destruction in our areas, and also whether there are some deaths which we have been seeing in the news, there are some areas where people lost lives so I'm just requesting the Committee in charge of Disaster to go round and make a very good report so that we can know exactly what happened in our areas. Thank you.**Deputy Speaker** (Hon. Mswabah Rashid): Thank you Hon. Mwinga that is a concern which was brought at the right time although rainfall is in the hands of God we have nothing to do as a man cannot stop the work of God because we don't know what time exactly the rain is coming, and the Committee in charge has to give us some precautions which can save property and money of people.

So we have heard your request that the Committee, the said Committee should traverse all the County of Mombasa to ascertain the loss or the havoc brought about by the rainfall or by the heavy down fall which is an act of God and which can bring measures which can prevent the damages. Thank you. Yes Clerk.
