

**MOMBASA COUNTY ASSEMBLY
HANSARD REPORT**

Wednesday, 4th October, 2017

The House met at 9:09a.m.

(Mr. Speaker (Hon. Aharub Ebrahim Khatri) in the Chair)

PRAYERS

Mr. Speaker (Hon. Khatri): Members you may be seated. Clerk?

MOTION

Honorable Member's, in yesterday's sitting we commenced on the debate on Governor's address; today, we shall proceed with the discussion, all the persons who contributed were recorded and thus we shall give Members who did not contribute yesterday the opportunity to do so. May I again remind you that as you debate, please observe the rules of debate as contained in Part Fifteen (XV) of the Standing Orders. I hereby remind you that the official languages are English, Swahili and Sign language as provided for in Standing Order 73(1), so if you begin a speech in any of the above languages, you are required to continue in the same language until the conclusion of your speech. Further note that, when you rise to contribute, recollect your thoughts and contribute conclusively as Standing Order 78 provides that no Member shall speak not more than once to a question except in Committee of the Whole House. Since you will be contributing for the first time in this Hon. House, your speech will be a maiden speech and thus no interruptions shall be entertained from other Members. It is also worth noting that since the Motion is brought pursuant to Standing Order 17, we have a maximum of four sitting days to discuss it; the second sitting of debate on the Motion being today, the floor is open. Yes Hon. Kibwana.

Hon. Kibwana Swaleh: Thank Mr. Speaker for giving me this opportunity, am Hon. Kibwana Swaleh Baya representing Miritini Ward. Hon. Speaker I do concur with the speech of the Governor on the very issue that he's touched as he starts the second term. Hon. Speaker you are aware that the youth issue is a very important issue and I am glad that it is one of the agenda that Hon. Governor is tackling, the issue of unemployment. Hon. Speaker the unemployment issue in Mombasa County is like a bombshell because most of the youths that voted for us are still jobless and through the County Revolving Fund I think it is an area that we should come out with a policy that will be able to see that the funds are fairly distributed in all Wards. Hon. Speaker I think the Revolving Fund if the Assembly adopts or comes with a policy clarifying that the jobless people or the target youth are getting loans without being subjected to vigorous vetting I think it's a very broad step.

The other issue that is really challenging me is the issue of infrastructure Hon. Speaker; as much as we have done a lot on infrastructure but like my area we still have traffic jam always or traffic congestion in our area, so I think it's upon the County Government to facilitate and see that most of the *Askaris* who are managing the roads can also be given time to visit other routes within our County. Hon. Speaker it's upon us as a House to make sure that whatever has been said by the Governor is also being implemented over the five years that we have so that we serve the people of this County without fear or favor. Mr. Speaker I think all that has been said by the Governor will be implemented and our County will be more developed and people will get the service. Thank you Hon. Speaker.

(Applause)

Mr. Speaker (Hon. Khatri): Thank you, yes Hon. Feddis Mbura.

Hon. (Ms.) Mbura: Ahsante Mheshimiwa Spika, kwa majina ni Feddis Mbura nawakilisha Wodi ya Mwakirunge; kwanza ningetoa pongezi kwa Bwana Spika kwa uchaguzi na pili natoa shukrani zangu kwa wenzangu na watu wa Mwakirunge wote kwa kunichagua. Nikiwa naenda moja kwa moja Bwana Spika kwa hoja...

(Interruption)

Mr. Speaker (Hon. Khatri): Hon. Member please can you repeat your name so that the Hansard can capture your name, just start again please.

Hon. (Ms.) Mbura: Kwa majina ni Feddis Mbura nawakilisha Wodi ya Mwakirunge; kwanza nimesema pongezi kwako kwa kuchaguliwa kuwa Spika wetu kwa uchaguzi na pili natoa shukrani zangu kwa watu wa Mwakirunge kwa kunichagua kuja kuwakilisha. Kwanza nitapongeza Gavana wetu jinsi alivyoweza kutoa hotuba yake ambayo kusema kweli imelenganishwa na zile shida ambazo ziko mashinani. Mheshimiwa Spika kwanza kabisa upande wa vijana hili jambo nalipongeza na ni jambo ambalo halianzi saa hii lilianza muda wa nyuma; mimi kwangu ni kwamba wakati vijana wanapopata ujuzi ama wanafunzwa kuwa na ujuzi basi wakati huo Mheshimiwa Gavana aweze kuhusisha zile Wodi ambazo ziko mbali na wakati watu wanapoenda mashinani waende hao walimu kwenda kufundisha wale vijana kwa sababu kama ni kuchagua vijana kuwakilisha basi vijana wengi huwa wanaachika nyuma haswa kwa upande wa Mwakirunge kwa sababu wengi huwa wanashindikana kwa upande wa fedha.

Tukienda kwa upande wa mazingira, kusema kweli mazingira ya Mwakirunge kama tunavyojua kwamba taka zote zinazoleka kutoka Mombasa huwa zinapelekwa Mwakirunge na katika hotuba ya Gavana pale sikuona kama kuna jambo ambalo limefanyika Mwakirunge. Kwa hio ni ombi langu kwamba wakati kama anatekeleza hii hotuba basi aweze kuangalia pale Mwakirunge ambako taka zote za Mombasa zinapelekwa na ombi langu ni kwamba tunaomba tinga katika bajeti ambayo itaendekezwa, kuwe na tinga hususan la Mwakirunge kwa sababu tinga la kule huwa linasimama mara moja ama linakaa siku mbili tatu na wakati mvua ikinyesha ile barabara huziba, magonjwa kuenea Mwakirunge na pia katika ile ile sekta ya taka tukaweze kupata sera ambazo zitaweza kubunisha kazi kwa vijana wa Mwakirunge na hata kina mama kwa sababu taka ni mali.

Tukienda kwa upande wa afya, sekta ya afya kusema kweli Mwakirunge, kwanza wacha nimpongeze Gavana kwa kutuwekea hospitali kubwa katika sehemu ya Mwakirunge na pia katika hospitali ile tunaomba vile katika hotuba yake ni kwamba ataboresha hospitali, basi ombi langu ni kwamba aanze kuboresha hospitali ya Mwakirunge kwa sababu ni changamoto nyingi ambazo tunazipata haswa kina mama. Mama akianza kujifungua basi huwa ni shida Mheshimiwa Spika, mama humgharimu mtoto anatoka na aweze kuwekwa kwa pikipiki aletwe Coast General, hilo ni jambo la kusikitisha na pia ni jambo ambalo limeacha wa mama wengi wamepoteza maisha, limeacha watoto wengi wamepoteza maisha.

Kwa hio apate kuliangalia ama tukapate kuliangalia sote kulingana na sera ambazo tutazitengeneza hapa Bungeni, pia nikilinganisha na sekta ya barabara, hiyo nitailinganisha pamoja na sekta ya afya kwa sababu mama anapotaka kujifungua zile barabara zetu kusema kweli Mwakirunge ndio yenye barabara chafu katika Kaunti ya Mombasa. Kwa hio ningeomba Mheshimiwa Spika wakati Mheshimiwa Gavana anapoangalia mambo ya barabara basi ashirikiane na serikali yetu kuu ili ile barabara kuanzia Mshomoroni mpaka Mwakirunge ambapo ndio Wodi ya mwisho ama ya mwanzo ya Kaunti ikaweze kuangaliwa kwa ufasaha. Pia nikiongea kuhusu mambo ya barabara hivyo hivyo za mashinani, hakika wakati mwingi kama wamama wataka kujifungua ama wazee ni wagonjwa ama watoto ni wagonjwa na kukiwa na mvua, basi wakaaji wa Mwakirunge hulazimika kubebwa kwenye vitanda na kuletwa barabarani.

Hilo ni jambo la kusikitisha, kwa hio hili jambo nilipoliona kwamba Gavana amegusa kuhusu mambo ya usafiri na mambo ya afya katika hii hotuba yake nilishukuru kwa sababu nilijua kwamba hata Mwakirunge pia wataweza kupata hizo huduma.

Tatu ni mambo ya maji, kusema kweli Mwakirunge kuna sehemu zengine hawapati maji kuanzia Januari mpaka Disemba, Mheshimiwa Spika ningeomba wakati hili swala la maji linapoangaliwa litoe mtazamo mkubwa katika sehemu ya Mwakirunge kwa sababu inagharimu wa kina mama kukesha kwa visima na hizo hali zimepitwa na wakati. Wanakesha kwa visima, wengine wanabakwa, watoto badala ya kwenda shule wanakesha kwa visima wakifika madarasani wanalala. Kwa hio mimi ningeomba hili swala la maji tuweze kulimulika katika sehemu ya Mwakirunge ili watoto waweze kusoma kwa wakati na wa mama pia zile kazi zao ziwe rahisi.

Tukienda katika sekta ya elimu, elimu kwanza nampongeza Bwana Gavana kwa sababu amechangia mahali pakubwa upande wa elimu na basari. Ombi langu ni kwamba elimu inaanza kwa chekechea, ile basari atakapopata akiwa shule ya upili, kwanza ni lazima awe amepata msingi katika shule za chekechea na ombi langu ni kwamba Gavana akaweze kumiliki elimu ya chekechea kwa sababu watoto wengi haswa sehemu ya Mwakirunge wanaanza kuchelewa ama mtoto anaenda shule akiwa ana umri mkubwa, kwanza kwa sababu ya umbali wa mashule za chekechea na pili wakati anapoenda shule mtoto yule basi huwa anakatizwa katizwa na mambo ya karo ya shule ama mambo ya mshahara wa walimu. Kwa hio ningeomba pia katika hichi kipengele hawa walimu wa chekechea waweze kupewa kipao mbele ili misingi ya watoto ikaweze kurutubika tukifika mambo ya shule ya upili tupate dalili nzuri na watoto wenye umri mzuri wa kufika shule ya upili.

Kwa upande wa sekta ya mashamba, hili jambo pia nitaongea kuhusu Mwakirunge kwamba kuna hati za mashamba ambazo zilipeanwa Mwakirunge, lakini kusema kweli hati za ardhi zile watu hawajui mahali kwao na imekua ni changamoto sana katika sehemu ya Mwakirunge. Kwa hio upande wa mashamba na mambo ya *scheme* ningeomba Mheshimiwa Spika kupitia Bwana Gavana hili jambo likaweze kuangaliwa kwa ujasiri na likaweze kupawa kipao mbele ili watu waweze kuonyeshwa mashamba yao, wakishika hati za ardhi iwe ni hati za ardhi na kujua pale mahali ambapo mtu amewekezwa.

Mwisho ni sekta ya kilimo, kusema kweli sikuweza kuiona katika hotuba ya Gavana, ningeomba kwa upande wetu wa Mwakirunge, Bamburi na zile sehemu zingine tumetegemea kilimo na kama haitakuwepo basi pia sisi tutakuwa katika hali ya maswali ikiwa kwa hilo jambo pia kama sekta ya kilimo Bwana Gavana akaweze pia kulitilia mkazo na hata wakati tutakapotengeza sera hapa ndani tukaweze kuiweka ndani ili wale watu ambao wanaishi katika zile sehemu ambazo wanaweza kulima na kupata uchumi ama kama wanawekeza uchumi sawa sawa basi tukaweze kupata na pia tunahitaji matinga katika zile sera tukapate matinga ambayo yatakuwa ni ya kudumu kwa zile sehemu watu wanaweza kulima na kupata mazao kupunguza umasikini katika sehemu tofauti tofauti.

Nikimalizia ni kwamba tukaweze kushirikiana sisi pamoja na Mheshimiwa Spika na Gavana ili haya yote ambayo Gavana anatazamia yafanyike yaweze kufanyika kupitia kwetu sisi kwa sababu kule mashinani jambo likifanyika kama mimi ama mwenzangu hajui, basi watu huwa wanatuuliza, kama hatujui sisi itakuwa ni ngumu. Ahsanteni sana na Mungu awabariki.

(Applause)

Mr. Speaker (Hon. Khatri): Ahsante, Yes, Hon. Mwaka.

Hon. (Ms.) Bakari: Nashukuru sana Bwana Spika, kwa majina naitwa Mheshimiwa Mwaka Bakari ikiwezekana hutumia kibwagizo changu ni Mama Mwaka Mwaka huu kutoka Wodi ya Timbwani.

La kwanza ningependa kushukuru wakaazi wa Timbwani huko waliko, shukrani zangu wazipate ama wazipokee kwa dhati kwa kunipatia kura nyingi sana ambazo kwamba hazijapatikana kwa upande wa watu wa Likoni ambazo kwamba wamenipa wakaazi wa Timbwani hizo shukrani zote ziweifike.

Pili, ningependa kuregesha shukrani kwa watu wa Mombasa na wote wakaazi wa Mombasa na viongozi ambao tuko hapa kutafuta kura za Gavana ambaye ameregeshwa tena kwa miaka tena mitano ili aweze kutekeleza ndoto yake au malengo aliyo nayo ya Kaunti yetu ya Mombasa, pia nataka kuchangia yale ambayo Mheshimiwa Gavana ambayo kwamba ameyazungumzia wakati ule wa ufunguzi rasmi wa Bunge hili alipotoa hotuba yake ya tarehe 26/9/2017 ambayo kwamba kuna kitu chengine ambacho nataka kukianzia ambacho kwamba alisema, *we deliver the promise* ama ahadi na kutekeleza. Kwa kusema kweli ule wakati tulikuwa tunatembea wakati kutafuta kura tulitumia lugha nzuri za kupendeza za kuwaahidi watu ili waweze kutupitisha na kwetu tuko hapa hiyo basi ni zile ahadi tuzitekeleze ambazo zatekelezwa na hili Bunge letu na Mheshimiwa Spika tukiwa pamoja na Gavana wetu ambao kwamba kule kwangu tuli ahidi na kidogo tukaanza mradi wa barabara, barabara ile tuliyoianza tuliianza wakati tunaanza siasa mpaka sasa ile barabara imesimama ambapo jukumu hili ninaulizwa na wakaazi wa Timbwani, barabara mbona haimaliziki ama mlikuwa mnatupamba tu. Kwa hio Mheshimiwa Spika ninaomba wakati wa bajeti zetu ili hii barabara iweze kumalizwa na zile ambazo zimebakia ambazo kwamba tulienda na Gavana raundi tukaziangalia pia ziweze kutekelezwa zimalizike.

Jengine ambalo pia Bwana Joho alizungumzia ni ukurasa wa saba kuhusiana na vijana wenzangu na kila mtu hapa ameongea kulingana na vijana na ajira na kuwapatia ujuzi vijana. Kweli hiyo ni sawa na ni muhimu sana kufanya jambo kama hilo lakini kwangu Timbwani ndio kumekuwa ngome ya *wakali kwanza* ambao kwamba sasa hivi kuna shida sana na vijana ambao kwamba wanajiita *wajukuu wa bibi*, sijui watoto wa nyanya vitu kama hivyo. Kwa hio yote ni kukosa ajira na kukosa mwelekeo au mafundisho fulani ama kupatiwa ujuzi ili waweze kuacha tabia kama hizo. Nataka kuongezea kipengele hicho ambacho kwamba nimeangalia kurasa zote sikuona mama akitajwa na akitajwa kijana huwa umetaja mama na kina mama na biashara sikuziona, nimeona mambo ya biashara lakini sikuona mama akizungumzwa. Hivyo basi kama mama nimeona afadhali pia nilizungumzie, kina mama na ajira ndogo ndogo hizi wanapata taabu. Kama kwetu Likoni, Likoni feri utakuta kina mama wako pale, wamepanga biashara zao kwa vibaraza pale, masahani ya samaki, kaimati, wanafanya biashara, wale kina mama pale tunawalipisha zile pesa pale na kwa kusema kweli ni sawa kwa Kaunti yetu kuongeza kipato chetu lakini pia tunatajikana tuwatizame wale kina mama makaazi ambayo wanakaa si makaazi ambayo ni sawa, mvua ni yao, jua ni lao na ile mikato wanakatwa. Kwangu mimi nasema kama kiongozi wa Timbwani, kama kiongozi na mimi ni mama naona jambo kama hili Bwana Spika lijadiliwe sana ili kina mama wapate usaidizi.

Napenda kuongezea tena kipengele cha ukurasa wa 12 ambacho ni cha elimu, kweli Elimu ni kiungo msingi kwa jamii, kuna mambo ambayo yanafanyika kwa upande wa masuala ya basari. Mheshimiwa Spika Gavana alizungumzia kuhusu basari, basari kweli tunazipata na kabla sijakuwa kiongozi mimi kama Mwaka nilikuwa katika kitengo cha Ward Sub-County Development Fund. Basari zile zikitolewa Kaunti ya Mombasa, kipao mbele wanaopewa ni *Ward Adminisrators*; *Ward Administrators* wakipewa basari zile huenda kukaa na wazee wa mitaa ambao kwamba wanaweza kuzigawanya zile basari kupitia wazee wa mitaa.

Leo hii kama mama Mwaka, kiongozi wa Timbwani, mzee wa mtaa akipewa basari ukumbuke mwananchi atanifuata mimi kutaka basari, basari amepewa mzee wa mtaa agawanye na mzee wa mtaa ukimpatia basari yeye atakwenda kukaa na familia yake, atapeana familia kwa ujumla hataona umuhimu wa yule mwananchi. Kwa hio naomba kwa upande wa basari itiliwe maanani na tupewe kipao mbele sisi kama viongozi tuangalie basari ile inamlenga nani ambaye ni muhitaji zaidi?

(Applause)

...Jengine napenda kuzungumzia kuhusiana na ECD; kama kwangu Timbwani ni Wodi kubwa sana na hakuna hata shule ya chekechea, wakaazi wote wa Timbwani wanapata shida sana kupeleka watoto shule za chekechea, kwa shule zile za jamii ambapo huku kwetu Timbwani Mheshimiwa Spika kuna shida ya shule za chekechea ambapo watu wanapeleka watoto wao kwenye shule za jamii na wao ni masikini ambao kwamba hawatoweza kumiliki jambo kama hili. Mimi kama mama Mwaka nilikuwa ni mwalimu wa ECD ninajua shida zile ambazo ziko katika jamii ambao wazazi wao hawana uwezo wa kupeleka katika zile shule ambazo wanaziita ni *Academy* lakini si *Academy* ni nyumba tu, chumba tu, ni nyumba tu ya mtu anafanya ni *Academy* na analipisha watoto pesa nyingi. Kwa hio naomba katika bajeti yetu ile itapitishwa na Gavana ama itazungumziwa na mimi naomba Timbwani kuwe na chekechea angalau watoto waweze kusoma vizuri na wapate elimu nzuri kwa sababu huwezi kuweka msingi ukaweka udongo halafu juu yake uweke jiwe, kutaporomoka. Hivyo basi tuwapatie msingi ambao utakuwa mzuri hata huko juu tukiweka udongo hiyo nyumba itakuwa imara na itasimama, nataka nikomee hapo kwa yale mengine yote ambayo nimezungumza na viongozi wenzangu, sisi wote ni kama mapapai likidungwa moja, linatoa utovu, tuwe kitu kimoja na tuweze kushirikiana. Ahsante.

(Applause)

Mr. Speaker (Hon. Khatri): Thank you, yes Honorable...

Hon. (Ms.) Ngare: Thank you Mr. Speaker for according me this chance to also air my views on Governor's Speech. I am Hon. Milka Moraa Ngare, Nominated MCA, I first want to take this opportunity to congratulate His Excellency the Governor Ali Hassan Joho on his re-election for the second term to run this great County. And I also want to take this opportunity to thank you Mr. Speaker for your new role which is very essential in this Assembly and I wish you all the best and of course congratulations are also in order for the Deputy Speaker, Majority Leader, Chief Whip for their new roles, added roles which I am also very sure they are very important and I will not forget my fellow Hon. Members; Elected and nominated like myself for which am truly and grateful to my Governor and the Party at large and also the Chairman of our Party who am sure plays a great role in running the affairs of our Party in this County. Now I want to also put my voice to the Governor's speech which was highly transformative by the way on the service delivery to the people of Mombasa.

The speech laid emphasis on self governance, encouraging appreciation of diversity, and echoing accountable exercise of powers. Remarkably the speech of His Excellence the Governor is keen to see that as County leaders we should continuously engage with our stakeholders, who are the citizens, value their input in our decision making which at the end is also going to impact on their lives and on their activities that they will be carrying out. As a professional teacher I would also want to talk about that particular area, it is good to note that the Governor asked as to do what is called servant leadership approach and in line with his campaign manifesto he didn't talk about education which is also enshrined in our constitution, I think Article 43 (a), 47 thank you my daughter.

So it is appreciative to know the plan of creating Centers of Excellence as a means of improving education standards in our County; those of you who are professional teachers like myself, know what it means to have a centre of excellence. A centre where a child will be accorded a conducive learning environment, be given all the conditions of learning so that, that child can come out very polished such that when the child gets to higher levels of learning that child is ready to get ahead. So I want to say that in the centres of learning, same as excellence, that is Early Childhood Centers they will not be very effective if the educators for ECDE will not be properly trained, supervised and of course motivated, you will have beautiful centres of excellence but if the educator is not well motivated that educated he or she is not going to go through. Where? So I would ask when we sit into our Committies those who will be in the Committee of Education that will legislate to bring and pass Bills which are going to make sure that the educators and the learners are well catered for as per the Governor's Speech.

The Governor also talked about post secondary programs for deserving and needy learners to high institutions of learning and I want to say that the collapse of education is a collapse of a nation. Education is a developer of all these other things that we are talking about, so when you have a well educated society development will automatically come. Education cannot be attained fully without and sending all other proposals outside by His Excellency the Governor like infrastructure, improve the health care, sanitation and security, we can some time see children where I live at Utange, young children wading through dirty water you wonder by the time this child gets to class what is going to become of this child? So all these other things that we are talking about will eventually be achieved if we have a well educated society and also where there is security for the children to enjoy learning in an environment that is very secure. I will refer you that I saw a clip in Nyalenda in Kisumu when children were tear gased and nothing actually...I think it was a nursery school and those kids came up traumatised so if there is no security in our area or in our society how do you expect such kind of children to learn? They will be traumatised forever and they might not even want to come to school. So as a teacher I fully support when the Governor says that he has plans for security and those plans when we set up our Committees we will actualize them year by year by debating on them and passing Bills because plans without an execution framework are about to collapse or to fail and when the Governor talked about, I want to support my fellow Hon. Member Mwaka who talked about women; the government to promote their empowerment, if you want a society to develop then empower women, empower women because behind every successful man there's a woman...

(Applause)

...women are movers of the economy.

(Applause)

...and if you look in society these days where there's a strong woman, where there is an educated woman, where there's a woman whose voice is heard development goes on. So can we learn to empower our mothers, our girls and all the women in general then you will realize development.

(Applause)

...Finally I want to say I know many of my colleagues have talked about the youths, the youths are very active and they are the majority and I know youth is a workshop of sin so we must engage the youth as per the Governor said that we will do programs which are going to make them be active, be involved so that their minds are occupied some where so that they don't think of going to do evil, so that we remove that idle workshop from their minds.

I would not want to continue talking because I know my Hon. Member have equally important points but I want to wish all the Hon. Members in this House good legislation and a good five years term whereby we are going to add value to this House and we come out as an excellent House that will work hard to improve the lives of the people of Mombasa.

(Applause)

Mr. Speaker (Hon. Khatri): Yes Hon. Osongo.

Hon. (Ms.) Osongo: Thank you Mr. Speaker Sir for giving me this opportunity to speak in this Assembly. First of all I thank my Lord for giving me life until today so that I will be in this Assembly and give my views. I also thank Mr. Speaker Sir and I pray for that you may prosper and God may give you wisdom the way he gave Solomon.

(Applause)

...Mr. Speaker Sir I am also thankful to the party that has nominated me to be one of the MCAs in this Assembly. My names are Mary Evelyn Osongo, a nominated MCA so I go directly to the speech that our Governor Hon. Hassan Ali Joho talked about; first what has touched me alot and the most important is the drainage system, in my Ward there is poor drainage system although Hon. Joho has really worked for it. If you walk along the road you will find some drainage works but it was done poorly because if it rains the drainage gets blocked, and the rain water becomes seasonal lakes and many people die, they suffer because of that poor drainage. So Mr. Speaker Sir I was requesting for each and every Ward whether we may dig drainages towards the sea level so that when it rains the water can find a way of going to the sea, and not accumulating and affecting people and marooning them inside their homes.

Mr. Speaker Sir the second point is education I also thank Hon. Joho for the work he has done for his first term by building some primary schools in the County but most of our children don't get good education because of lack of teachers in the schools, and that is why you find many private schools are being made in the houses so as to help these other children but there are some that don't have money for paying for those private schools. So Mr. Speaker Sir we should look into those things, we should look so much on them when we are budgeting let us add teachers, the P1 teachers are so many and they are crying and even I support my colleague who said that from right now when there are employment opportunities they only choose those who have worked for five years and above but these young people are very brilliant and they can work effectively because they want to be in those schools but those who have experience don't engage them in their work so much because they are saying that they know that work. So Mr. Speaker we should be budgeting for even our youths, we may employ them so that they may be employed they help the primary schools that do not have enough teachers so that our children could prosper and we should have good quality education through hard work.

Mr. Speaker Sir the other point is employment, infact if you walk in the County you get most people are not employed but it's the House that can enact Bills for those people, even the youths, the women to get employment, am saying this because if we can make arrangements even with our youths like now we find our environment is very dirty, there are heaps everywhere but if we can use our youths to collect we give them even containers every house in our Wards we give them containers to remove the garbage and then our youths can collect even twice a week and they get paid, that is also an employment to the youths. So Mr. Speaker Sir I think that one can be done even we can supply our youths with handcarts so that they transport the gargabe....

(Applause and laughter)

...Another point the Hon. Governor talked about is roads, infact on the side of roads he has really worked.

I appreciate him and I congratulate him for the work that has been done, it is only a few places that roads have not been made so when we are budgeting at least we should look at such things so that we get good roads, good transportation because where there is a business there should be good roads, a business cannot be good in an area or any place where there is development there's good roads because of transportation, and when there are bad roads there will be no transportation and the goods will not be delivered at the correct time. My last but not least point is on security, Hon. Governor has really tried on the side of security and I congratulate him for that but we still need more forces on that part of security because where there's security there's development. You see like in the area where am coming from in the Ward, am between Junda and Magogoni and in those places you can't do your business even at night or if you do it is at your own risk, you can't walk at night because it is at your own risk. So I think when we are budgeting we should look into those things; the police should patrol the areas and be in civilian to enable business and security. You will find sometimes when you wake up you find a person is killed, that person was going to work at 5:00a.m or he was coming back at 5:00a.m because there are some jobs that people do work until night or they have to wake up very early because they don't have enough money to reach where they are going, so you find them being killed on the way. So with those few remarks, I think if we join hands together we work together and our County will be an excellent County if all of us are together and we pray that God may make us and give us wisdom to make our people happy the way we promised them. Thank you Mr. Speaker Sir and be blessed.

(Applause)

Mr. Speaker (Hon. Khatri): Yes Hon. Faith.

Hon. (Ms.) Mwende: Thank you Mr. Speaker my name is Faith Mwende Boniface, MCA for Kipevu Ward. First of all I would like to thank Almighty God for enabling us to be here today, secondly I would like to congratulate you for your election to lead this House and I would like also to congratulate the Hon. Members who are in this House representing different Wards and also I would not forget to congratulate my people of Kipevu Ward who put trust and faith without minding the political party which I come from, without minding my age and elected me to represent them in this House for these five years.

To the speech of the Governor, am very honoured because am one of the people who conducted the survey of Vision 2035 of Mombasa County and as seen we are doing something to achieve the goals of expectations of the people which represent Mombasa County. I was touched more with the first agenda of Hon. Governor; the youth agenda, as we all know the youth are the largest composition of our society and they feel being neglected because most of them don't have employment. You may have qualifications but if you go to seek any employment you will be asked to have an experience of five years plus, that means by the time I get employed I will be no longer a youth, there is need to put measures despite that i know we have a revolving fund for the County Government of Mombasa but giving these youths Kshs. 100,000 a group of ten Kshs. 100,000 without giving them knowledge on what they will do with that money, it's like giving them, I can say something to kill them because if a youth is given Kshs. 100,000 without the knowledge of doing any business and I just call my friend we go to a pub we drink that money and by the end of the day it will be needed back.

So there's need for benchmarking as Hon. Members we consider also some youths in our respective Counties to be taken for benchmarking in some other developed Counties or countries to know how they can use that money well... we consider also some youth in our respective wards to be taken for benchmarking in some other developed Counties or countries to know how they can use that money well...

(Applause)

...When I come to environmental issues Mombasa County is in bad state despite that we invested a lot of money to buy trucks to dump the garbage, but when you are being stuck in Kibarani I urge this House to propose every Ward to at least have two trucks as the people who collect garbage can have somewhere where they can dump the garbage...

(Applause)

...Mr. Speaker the only thing as you come from the Airport which welcomes you to Mombasa Island is the bad smell instead of being welcomed by good music, traditional dances of our Swahili culture that is the only smell which welcome us as we pass Kibarani coming to the Island.

So we have to do something and the County must invest heavily in environment issues because one scholar said, *if you want to cultivate peace you want to protect the environment*. If the environment is not clean there's no way we will have peace in our County, if we have clean environment we will not spend a lot of money going to hospitals so we have to look on those issues whoever or the Committee which will be the head of the environmental issues.

The third agenda of the Governor's' speech about security we should take drastic measures to enhance our security in our County but we have a lot of challenges in terms of the streetlights; when you go to the yard you will be told the vehicles do not have fuel, I don't know the bulbs are not there and you know the citizens have a lot of expectations from us. When you go and tell the citizens that our vehicles do not have fuel to go and maintain the street lights, what are you telling them and you are their representative? So we should also put measures on that. I want to be very brief because I know the Hon. Members do not want to waste a lot of time.

The fourth agenda is water and sanitation; Mr. Speaker the sewer blockage in Mombasa County and everyone can bear me witness it is in very bad state, we urge every institution to be reliable on what they are employed to do. For example where I come from I have never even seen any development, I cannot say there is something which can make me smile; the drainage is a mess in Kipevu Ward and if I can remember when I was on the other side I used to post a lot of pictures, children are swamped in every time it rains so we to put measures or something on that issue. About toilets yes there's a need to build the public toilets and in connection with that we should also consider to have public toilets.

The fifth one was health, we should not lie to ourselves, our hospitals do not have enough medicine, we see strike here and there so I may propose if we can have at least in every Ward we have a mobile clinic and be equipped well and have the doctors to attend to our people. There's something which touched me more, the education sector. Mr. Speaker where I come from I have two public schools; Kwa Hola Primary and Umoja Primary, when I talk about Kwa Hola Primary the building, the ECD of Kwa Hola Primary is built with iron sheets, you know our weather in Mombasa you can imagine small kids in that iron sheets building from ground to roof when it reaches at 10:00am the children are taken under a tree because they can't afford to learn in that situation and I believe that the ECD is among the core functions of the County despite that you want to put more effort in giving bursary to secondary schools we should also focus on our function as the devolved function. ECDs schools are in a bad state and there are no enough ECD teachers and most of them are qualified and you find a teacher is being paid Kshs. 4,000; if you give the teacher Kshs. 4000 what do you expect?

Mr. Speaker Sir the business sector am very happy to hear the Governor saying he will consider the regulation and deduction of levies and taxes. Mr. Speaker Sir to operate a business here in Mombasa is very expensive; the Single Business Permit are very high compared to other Counties and we should visit other Counties and compare the rates, high rates discourage people

from investing or operating businesses some of those opt to give *Askaris* Kshs 200. So I have the solution of this Assembly; that if we lowered the rate we know we have Uwezo Fund, we have affirmative action most people will create job opportunities and will invest in businesses and most of them will never be scared to open a business because license is not that expensive.

Public works, that is infrastructure Mr. Speaker, in Kipevu Ward I can say we have minimal access roads, it is a Ward which does not have even a social hall, it is a Ward which I don't know if the land was grabbed or what but there is no open space for development. So there is need to go to that Ward and to make them have to think, otherwise if we will be having an Eid Baraza we will go to the neighbouring Wards like Changamwe, don't we have a space where we can have a social hall? So we should consider the youth of Kipevu as they are part of us and that should be acted upon, I remember in 2014 I participated in public participation and proposed that as a common mwananchi up to date it has never been enacted.

When I come to the Tourism sector I have seen what Mr. Governor has said but we should also not neglect the existing tourism sectors like Akamba Handicraft which is in Changamwe, I have so much to contribute but let me reach there and thank you for giving me this opportunity. Thank you, Mr. Speaker.

(Applause)

Mr. Speaker (Hon. Khatri): Yes Honorable.

Hon. Thoya: Ahsante sana Mheshimiwa Spika. Majina yangu ni Juma Renson Thoya, ukipenda zaidi niite BMW, nashukuru kuweza kunipa fursa hii kuchangia hotuba ya Gavana. Kabla sijaendelea ningependa kuchukua nafasi hii kukupongeza kwa kupata nafasi hii kuwa kiongozi wa Jumba hili, ningependa pia kumpongeza Gavana kwa kupata kura nyingi zaidi kuliko mwaka wa 2013 ikiashiria kwamba yeye ndio rais 2022...

(Applause)

...Nawapongeza Wabunge walioweza kupata nafasi...aidha kwa kuchaguliwa ama kuteuliwa kujiunga kwa Jumba hili kutengeneza sheria, nawapongeza watu wa Mikindani ambao walinichagua kwa wingi nataraji kwamba takriban watu elfu tisa wana matarajio zaidi kuyabeba lakini imani yangu ni kwamba sihitaji kitambi nahitaji Mwenyezi Mungu kuweza kutoa huduma hizo na ninaamini Mungu atanitangulia katika utoaji wa huduma hizo. Hotuba ya Gavana iligusa kwa kiwango kikubwa na endapo sisi kama Wajumbe tuta jukumika kusimama na kutekeleza hotuba hii nafikiri Mombasa haitakuwa pale ilipokuwa siku za nyuma...

(Applause)

Ni hotuba ambayo wengi wamesema ni ya Gavana lakini mimi nataka kurekebisha kwamba hotuba hii ni ya rais mtarajiwa kwa sababu ipo katika kiwango hicho sio ya Gavana tu.

(Applause)

Mahali paliponiguza zaidi ni mahali paliangazia kuhusu vijana, wengi wako maskani na hapo ni mahali ambapo wengi hawana ajira na yale yanayotendeka pale sio ya kibinadamu, si mambo ya kawaida ipo haja tujipange kama Jumba la utengenezaji sheria kuwaondoa pale athari za vijana kutokua na kazi zinaenda leta shida katika Kaunti hii ya Mombasa. Athari hizo zikiunganisha umasikini, utumiaji wa mihadarati, mapenzi ya kiholela holela na mwishowe kupata magonjwa ipo haja tujitokeze na miradi, kuna baadhi ya hawa vijana wana masomo, ambao wana ujuzi lakini nataka niongeze kwamba kuna vijana ambao wana nguvu kwa sababu hatutawabagua waliosoma, ambao wana ujuzi wale ambao hawana ujuzi hawakusoma wanaweza tumia nguvu zao kupata riziki zao, (??) ni mmoja wa wale waathiriwa katika Mikindani ukifika pale Bangladesh utawaona kuanzia saa mbili mpaka saa tano za usiku wako maskani sasa wataendelea kutafuna *mgokaa* na miraa mpaka jioni.

Lakini ikifika saa tano tujipange kwa sababu vijana wanaweza kuwa wazuri na wabaya zaidi. Sasa singependa kuwa waliotoka kazini waweze kuchinjwa shingo tuangalie ni vipi tutawapa ajira, ni kitu gani ambacho tunaweza fanya vijana hawa badala ya kukaa bure waweze kuwa na ajira fulani si ati, kuna sehemu mbili kule Mikindani ambazo ziko katika hatari na nilikuwa napendekeza kama wale vijana tungeweza kuwawekea kama pahali pa kuegesha magari na tufungue miradi ya kuosha magari katika kila sehemu ama zile mashine.

(Applause)

Katika mazingira inatambulika Mombasa kama mji wa utalii lakini utalii hauwezi linganishwa na uchafu; jiji letu lina shida, lina taka na ipo haja tuweze kuja na mbinu kabambe kuona kwamba kutoka kule ndege zinatoa, kutoka baharini kuingia ndani ya kisiwa cha Mombasa sehemu zote zinakuwa safi na tunaweza kufanya hivi ikiwa idara husika ya usafi wa mazingira itapewa fedha za kutosha, inasikitisha sana juzi tulikuwa na zoezi ya uzoaji taka kule Mikindani sehemu ya kwa Mwanzini nilipofika katika idara husika walishindwa kunisaidia hata na vifagio na wakasema si wewe tumekataa kukusaidia na kifagio hata wale wanafagia barabarani wana shida. Kwa sababu hii nachukua nafasi hii kuhimiza Wajumbe wenzagu tuweze kusukuma kuhakikisha kwamba fedha zimepatikana ile idara husika iweze kupata vile vifaa za kufanya kazi na hiyo idara peke yake haiwezi maliza kazi ni sisi sote tuweze kutangamana tuhakikishe uchafu ambao uko Wodi zetu na zaidi ya yote hatuasafishi tu na pia kuhamasisha watu athari za uchafu, hivi nilikuwa naugua na *Dengue* na haya yote yanatokana na uchafu, ni lazima tuambie watu uchafu ni magonjwa ndio malaria, kipindi pindu ndio *Dengue* kwa sababu lakini sheria zetu hazina ukali unaopaswa mtu anatupa tu. Ni sawa tutunge sheria ambazo mtu akitupa taka katika mtaa aweze kuchukuliwa hatua sawasawa, zaidi ya yote katika hiyo wanatuambia tusafishe lakini hakuna mahali pa kutupa taka ile Mikindani nzima iko na gari moja tu la taka ambalo hujaa mpaka zikawekwa hapo chini, na Kibarani zimejaa tafadhali tupewe mabehewa ambayo taka zikijaa wananchi wataweka taka hapo, ni vizuri kila Wodi iwe na gari ya kubeba takataka.

Zaidi ya yote imeniguza upande wa biashara; kazi hakuna manake elimu si ya mama yangu wala ya babangu na kweli vijana tunapowawezesha wanaanzisha biashara lakini biashara hizi zimekuwa ni ngumu kuziendelea kwa sababu ya unyanyapaa wa askari wa kitaifa na wa Kaunti ni mbio tu. Nyumba hii iweze kufikiria kwa uzito kwa sababu mimi nasema hata kazi ya kuuza mnazi ni kazi, mnazi ni pombe halali lakini vile wanavyoishi ni mbio pesa wanagawana na anayeenza mnazi ameekeza shilingi elfu tatu, elfu mbili ni karo, askari wa kitaifa wanakuja. Nashukuru Kiranja wa Bunge aliligusia jambo hili lakini hiyo shida haiko kule Frère Town pekee, iko kwangu lakini shida ni wanauza mnazi katika zile saa zilizowekwa na Mututho lakini polisi wanakuja muda huo ukikataa unawekwa kwa gari la polisi, unatungiwa kachupa ka lita mbili kama haka unaandikiwa ni chang'aa ama unaandikiwa umekataa kutiwa mbaroni. Askari wetu wanachukua ushuru wakifika hapo badala wafanye kile kinastahili; badala waletee Kaunti wakionekana maduka yamefungwa wakipita maduka yanafunguliwa atakae patikana mia mbili ziwe kwa mfuko na hapa Kaunti kazi ni ya askari. Hii ndio kazi kila mtu anataka kwa sababu mshahara uwe utachelewa au hautakuja wao maisha ni mazuri yanaendelea, ni lazima tuangalie haya, wanatumwa endeni (??) wale vijana wanaitwa wachuuzi ambao wanatafuta riziki zao hakuna mahali pa kwenda. Juji niliona kwa macho na tuko hatarini kwa sababu hatuna tofauti na wao anaambiwa nenda ukabebe wachuuzi vile anavyowabeba juu, nasema sisi Waheshimiwa safari hii tutatiwa makofi, ni kuwa na taratibu ya kushika mtu hii ni Kenya ya katiba mpya si kule nyuma lazima kuwe kuna heshima inaonekana lakini wanakubeba juu na hakupeleki kortini unapeana shilingi mia moja, mia mbili watu wapate riziki, haya mambo lazima yaangaliwe.

DISCLAIMER: *The electronic version of the Official Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor Page*

Mheshimiwa Spika maji ni tatizo kubwa lazima tuliangalie; *cartels*, lakini si wale walioko nje hata ndani ya shirika la Mombasa Water na wanashirikiana na wale kwa sababu hawa hawangoji mshahara wanalipwa na wale ma *cartels* ndio tatizo halitatoka. Nasikitika kwamba maji ya mfereji hayatoki lakini ya lori yanatoka gari imejaa, wengine wanaunganisha moja kwa moja maji tu yanatoka wengine ni bora kuliko wengine. Ipo haja zile Kamati husika zitakapoundwa zichunguze hili swala kwa undani kwa sababu mimi kuna wakati nilikuwa nauza maji karibu niletewe gari nzima ya polisi nauza maji ya shilingi mbili karibu nilale ndani kwa sababu naharibu biashara yao, kila mwisho wa mwezi haya mambo ni lazima yaangaziwe vilivyo.

Afya najua tuko na mtihani mgumu wauguzi wako katika mgomo lakini wale kidogo wameshikilia zile hospitali zetu kuna mpango gani wa kuwapatia motisha? Ukiangalia jana nilifanya utafiti kutoka Kibarani hadi mataa wa ndege kupakana na rafiki yangu hospitali ni moja iko Mikindani, yule muuguzi *shift* yake haishi, hakuna dawa ni lazima tuhakikishe hospitali zetu ni za manufaa.

Ardhi ni donda sugu na ninafikiria amezungumza hapa *historical injustices* ni neno la kizungu, ni neno la kizungu linalomaanisha gharama ya kihistoria na kitu inaitwa na Kaunti na Manispaa kule kwangu Mikindani ni kugumu mpaka sasa walijipa wenyewe vipande alafu wanaviuza na ushahidi upo. Saa hii ukifika Mikindani sehemu ya Maporomokoni utasikia kila mmoja ana karatasi na kila mmoja na aliuziwa na mtu wa Manispaa, kuna mwingine analipa *rates* leo lakini analipa karatasi lakini *physically* hana ardhi, ningehimiza Nyumba hii tujipange tuone ni vipi ambavyo huo wakati wa Manispaa tutarekebisha namna gani kwa sababu saa hii kila mmoja ana makaratasi amepewa na Manispaa hajulikani mwenyeji halisi ni nani. Wengine wanajua hii ni sehemu ya barabara halafu hiyo sehemu ya barabara inauzwa mara mbili na mtu wa Kaunti, ilikuwa nipeleke tinga juzi nasema hapa ni barabara lakini akaja mtu wa Kaunti akauza hapo hapo, hayo ndio matatizo ambayo tuko nayo na iko haja tuyazingatie kwa kina. Ni imani yangu mengi yamezungumzwa na mengi yataendelea kuchangiwa na singependa niende zaidi ya hapo ni mzuri wa kuongea lakini nitachukua nafasi hii kuwapatia wenzangu ni wakati ambao tunatakiwa kujitoa kihakama, kutoa changizo na Miswada na kuhahikisha ile ndoto ya Gavana lazima itimie kupitia Bunge hili. Ahsante.

(Applause)

Mr. Speaker (Hon. Khatri): Yes Hon. Hamisi Mwidani?

Leader of Majority (Hon. Mwidani): Thank you Mr. Speaker I beg to move a Motion on the adjournment of this debate under Standing Order 49(b), the debate resumes on Wednesday 4th at 2:30p.m. Thank you, Mr. Speaker.

Mr. Speaker (Hon. Khatri): Hon. Members I now put the question that the Assembly do now adjourn the debate on Governor's address and debate to resume on Wednesday 4th October, 2017 at 2:30p.m.

(Question put and agreed to)

ADJOURNMENT

The House stands adjourned until 4th October at 2:30p.m.

The House rose at 10:27a.m.
