

# COUNTY ASSEMBLY OF NAKURU

## THE HANSARD

### Third Assembly (Second Session)

**Tuesday 14<sup>th</sup> November 2023**

### Assembly Building

**The House Met At 10: 30 AM**

*[The Temporary Speaker (Hon. Elijah Mwaura): In the Chair].*

### PRAYER

### MOTION

#### NASHA AND WAKULIMA MARKETS

**The Temporary Speaker** (Hon. Elijah Murage): There is a Motion from Hon. Stanley Karanja, Chairperson Committee on Trade.

**Hon. Stanley Karanja:** Thank you Mr. Temporary Speaker. We have a Motion in our Committee. The Committee has Members as indicated.

Mr. Temporary Speaker, the Committee, after sitting down decided to visit the Markets. We decided to start with the Markets around and we started with Nasha Market. It is in the Nakuru Central Business District and it was opened by former President Daniel Arap Moi, primarily for the sale of Potatoes, Cabbages, Green Maize, and Bananas. Other Markets within the County and beyond heavily depend on it for a variety of goods drawn from either Uganda or Tanzania. You can see that from the onset that this one is a very important Market.

Mr. Temporary Speaker, on the other hand, the idea of construction of Nasha Square Market was arrived at as part of the County Government's plan to decongest the Central Business District which involved relocating Small Traders and Hawkers who were initially operating within the Central Business District. The Market houses Traders who sell Second-Hand Clothing ...

**The Temporary Speaker** (Hon. Elijah Murage): What is it Hon. Duale?

### QUORUM

**Hon. Hassan Ali:** Thank you Mr. Temporary Speaker sir. I am standing on Order 38, on issue of Quorum. Mr. Temporary Speaker, if you look keenly in this House, these Members do not meet the threshold of the right procedure and proceedings of this House. Please, if you can order the

counting of Members and see if we have a quorum so that we can proceed with the Business of this House. Thank you Mr. Temporary Speaker.

**The Temporary Speaker** (Hon. Elijah Murage): Serjeant at Arms, can you confirm whether we have a quorum?

*(Serjeant at Arms counts the Members in the House and confirms there is no quorum)*

So, ring the bell for 5 minutes.

*(The bell was rang for 5 minutes)*

**The Temporary Speaker** (Hon. Elijah Murage): Hon. Karanja, you can proceed.

**Hon. Stanley Karanja:** Thank you Mr. Temporary Speaker. As I was saying, we made a visit as a Committee to two Markets. We started with Nasha Market. The groundbreaking for construction of the Market was done in 2015 by the then Governor Hon. Kinuthia Mbugua who had initially planned to accommodate 800 hawkers but right now, it is 1,800 Traders who operate in that market.

Mr. Temporary Speaker, the Committee made several Observations at Nasha Market. I think the Honorable Member for the Town is around so that he can confirm whatever we are going to say. If he is not there, I know Hon. Kajwang' who is a senior Member will listen on behalf of him and raise an issue, if at all there is any.

### **Committee Observations**

- i) That Market has two Public Toilets; for Male and for Female which charges Kshs 10 per user and the fee is collected at the toilet entrance and is remitted to the designated Treasurer. I think that is what has been going on where the County builds a toilet and gives that toilet to an individual and they collect the money. That is what we have been saying that it has been a misnomer because the money is being used by other people other than the well-being of the Market.
- ii) The Treasurer collects approximately Ksh. 600 to Kshs. 700 for Male and Kshs. 500 to Kshs 600 for Female. If you divide 600 by 10, you will see that there will be 60 users per day for Males. If you see that one, you will notice that Males use the toilet more regularly than Females.
- iii) That there was poor sanitation in the Male toilet. Although they are the majority of users, the toilet is not well kept. I do not know why there is gender discrimination in terms of cleanliness.
- iv) The upper floor of the Nasha Upper Mitumba Market was yet to be occupied and the reason for non-occupancy in that upper floor is that it is incomplete and is not Disability Friendly. When we visited Nasha Market, we found that there was a lot of money that was used to build the Mitumba Market upper area but the Contractor was paid and yet, the Market does not have a ramp that disabled people can use to go up. Therefore Mr. Temporary Speaker,

we said that it was not disability friendly. It was established on the upper floor to have a capacity of 1,000 people but it cannot hold that number because it was poorly built.

- v) The Project was completed in 2020 and the Completion Certificate was issued. Here is where I want it to be followed because the Contractor was paid and the Completion Certificate was given out but the facility is not complete. We found that the money was not well utilised.
- vi) The Department of Trade, Tourism and Co-Operatives failed in its obligation to safeguard the lives of Traders by issuing a Completion Certificate for a substandard and incomplete Project.
- vii) The Engineer in charge of the project failed in his supervisory duty to ensure that the Design and Bills of Quantity were duly followed. That is why as a Committee, we ask that the Committee on Justice and Legal Affairs also follow up because justice has not been done. Money has been used and yet Traders are not occupying the building.
- viii) 411 Traders were not allocated slots in the Market due to lack of space and these Traders went to Court to compel the County Government to allocate them alternative Trade Areas. The Court ruled in their favour and an Order was issued to allocate them an alternative space on the upper floor of Nasha Market, which is not yet complete. You can see how the County is disobeying the Court Order because it was ordered to make sure that the Traders occupy the upper floor but they cannot do so because it is not complete yet a lot of money was used.
- ix) That Water is available though it flows at low pressure.
- x) That the market lacks Offloading Points.

### **Committee Recommendations**

- i) The Department of Trade, Tourism, Co-operatives and Planning should supervise and hold the designated Washroom Treasurer accountable for the usage of Fees collected at the toilet. I would like the Honorable Members who are elected to note that the County uses a lot of money. I think the Bill of Quantities lists that for you to construct a toilet, you must have at least Kshs 1 Million and over and yet, after the completion, you give to your friend the toilet to collect money. That is why there is a lot of war in towns because if you calculate the Kshs 700 per day, you will see that it has a lot of Cartels. The Toilets should be owned by the Market, not some other cartels from outside.
- ii) The Department of Trade, Tourism, Co-operatives and Planning should give guidelines on how Washroom Fees should be utilised in the improvement of the Market. As we said, the Males are the majority of users of our Washrooms and yet, those Washrooms are poorly kept and people are running away with money. Any time you visit the Market, the Treasurer will see you as a user of a toilet other than a buyer because they collect a lot of money. The Department should ensure that the Washrooms are generally kept clean.

- iii) The Department of Trade should compel the Contractor to redo the works at the Nasha building to make it strong and to hold the capacity so that it can comply with the Court Order.
- iv) The Department of Trade should compel the Contractor to put up a ramp to enable persons living with disability to access the Market.
- v) The County Government should also take administrative action against the Engineer. That is why we are calling the Committee on Legal Affairs and Public Accounts and Investments Committee to follow up so that they are able to see that money was not used properly and make sure that the Engineer is compelled.
- vi) That the County Government of Nakuru should obey a Court Order that electricity should be restored. There is no electricity in the Market, which is very dangerous.
- vii) The County Government should drill a Borehole. There is no sufficient water. Therefore, a Borehole is needed.
- viii) The Department of Trade should provide an Offloading Bay.

That was Nasha Market and I think the Members will confirm. We also visited Wakulima Market and we made several Observations.

### **Committee Observations**

- i) The picking and offloading bay in the Market is being occupied by Traders who had set up their stand at the spot. Therefore Mr. Temporary Speaker, the Bay has been converted into another Market.
- ii) The Market was originally a Wholesale but for now, it is a mixed Market where we have both the Retail and also the Wholesale.
- iii) That the Drainage passing through the Market has been blocked by wastage. Mr. Temporary Speaker, when we visited Wakulima Market, there is a big Drainage and we were concerned that when El Nino comes, there will be a lot of chaos. When we asked, we were told that the Roads Department is the one that is supposed to do the Drainage. Therefore, there is a mix-up between who should do the Drainage between the Market and the Department of Roads. Mr. Temporary Speaker, I also ask the Chairperson to follow up on that issue because it can cause a lot of catastrophes.
- iv) The Market has running water but at low pressure.
- v) The Revenue Officer at the entrance of the Market receives Vehicles ferrying farm produce. Canters are charged Ksh. 1,000 if you want to offload. If you have a 2-ton vehicle, you are charged Kshs 700, 7 tons at Kshs 7 000. Carts are charged Kshs 100. This money is collected by the Revenue Officer.
- vi) The goods are offloaded at 4:00 AM and the payment is done. Mr. Temporary Speaker, at this particular time, you cannot tell how much has been collected and that is how the County is losing a lot of money.

vii) The data the Chairman was giving is that, in Wakulima Market there are 2 700 Traders who are registered. If you take that number, there are so many and there are Traders who pay a daily Market Fee of Kshs. 40 while others pay at Kshs 300.

viii) The Market is overpopulated and congested.

ix) The Officers from the Department of Finance are designated at the Market and do not have working gear. Every time we pass the Budget we put some money that is meant to buy gear and if you check the Budget properly, we do allocate money to make sure that we buy uniforms. Mr. Temporary Speaker it is disappointing, when we went to the Wakulima Market we found those Watchmen and Revenue Enforcers, one of them was wearing a Reflector of the former Governor Lee Kinyanjui. We were so ashamed. We were arguing and I asked who this was. I asked for a Photo of him to be taken and I think that Photo will circulate. We asked him which Government he is under and the guy is even not aware that there was a Regime change and yet he is a Revenue Officer.

Mr. Temporary Speaker, Members can confirm that. I can see my Vice Chairperson. We were shocked that rather than giving the Uniforms we are giving Reflectors of a former Governor who is a friend to some of the people here. I do not know whether they are giving them the Uniforms, or a Reflector yet that person is an Enforcement Officer. The other thing Mr. Temporary Speaker is, and I do not know whether the Finance and the Budget Committee Members are here. They should follow where the money that we appropriate for uniforms go to. The person does not even have boots. The bigger toe is outside the shoe and you wonder whether he is an Enforcement Officer.

Mr. Temporary Speaker, the situation was so pathetic and I know Members will sympathise with that Officer. Members from the Department of Trade and Finance do not have a designation in the Market, especially uniforms and Identification Badges. When somebody has Lee Kinyanjui's uniform and does not have a Badge, then you cannot tell who they are. You might think that they are in a campaign mood.

Mr. Temporary Speaker, the shared Market Office is small, and yet whatever they confiscate they put there. The situation there is as dire as that. There is a shortage of Staff in the Market for Revenue Collection which is another thing that we did observe. Mr. Temporary Speaker, because you have this Report you can check on page 8.

We did come up with several recommendations and one of them Mr. Temporary Speaker is:

- i) The Department of Trade should relocate Traders from the Loading Bay because they are occupying the Offloading Bay
- ii) The County Government through the Department of Trade should separate Wholesale and Retail.
- iii) The Department of Environment should ensure that drainage to Wakulima Market is unclogged and that should go to the Chairperson Department of Roads. They should also visit and see.

- iv) The County Government of Nakuru should Budget for the drilling of a Borehole because there is no water.
- v) The County Government through the Department of Finance should automate all the revenue collected. Mr. Temporary Speaker this is something we have been saying. Other Counties have done so. In Nakuru, we are still using the old receipts. You will think that somebody is collecting money for a funeral. These are some of the things that we are saying they are old-fashioned.
- vi) The Department should also make sure that there is a data of Traders. When we went there, we asked the Chairperson in charge of the Market, he was not aware of the number of Traders in the Market. Even the County has not done its due diligence to know how many Traders occupy the Wakulima Market.
- vii) The County Government should ensure that the Officers attached to the Market have the Working Gear and Tools that we have said. They should also provide Badges.
- viii) The County Government of Nakuru should set up funds for the construction of bigger and well-equipped Officers' Offices.
- ix) The Department of Finance should increase the number of Revenue Officers in the Market. They were only Seven and without Uniforms and Shoes. How do you tell somebody who has no shoes or uniform to collect money and bring it to the County? Those were the shenanigans that we saw.
- x) The Department of Environment should ensure that the Market is always clean. Mr. Temporary Speaker. You know that the Department of Trade is not the one that is in charge of the people who make sure that the Markets are clean. They are under the Environment Department. This mix-up is the one that makes Markets look like dumpsites. That should be known.
- xi) All the County Departments attached to the Markets should have administrative action against Officers who are absent from work as well as nonperformance.
- xii) The County Government of Nakuru should ensure that all Officers sign a Performance Contract. That is where we are headed, even the Revenue Collectors should make sure that they have a Performance Contract because that is how our revenue is getting lost.

Mr. Temporary Speaker that is what we found in the Markets and I think that as of now that is our biggest Market; Nasha Market. We said that at Nasha Market people come from Uganda and Tanzania just to see our Officers with no shoes and with reflectors that reflect a gone Administration.

Therefore Mr. Temporary Speaker I call upon my able vice chairperson Hon. Dida who we were with so that he can second the Report. We ask the House to look at this and all the Departments as I sit down, that is the Department of Environment, Department of Roads, and the Finance and the Members should make sure that what we appropriated is bought. If we appropriate for Uniforms, can we make sure that the Uniforms are bought? We cannot have our Officers as

Monuments. When Ugandans come here they see our Officers with torn shoes and yet we are relying on them to collect revenue. Hon. Dida can second the Report.

**Hon. Cyrus Dida:** Mr. Temporary Speaker Sir, I rise to second the Report that our Chairperson has just taken us through. Thank you.

**The Temporary Speaker** (Hon. Elijah Murage): I propose the question that this House adopts the Report of the Committee on Trade, Tourism, Cooperatives and Planning on the Inspection Tour of Nasha and Wakulima Market in Nakuru East Sub County laid on the table of this House on Wednesday, 8<sup>th</sup> November, 2023 during the Morning Sitting. The Motion is open for debate. Hon. Wathiai.

**Hon. David Wathiai:** Thank you, Mr. Temporary Speaker. I would like to commend the Committee for the good work they have done in the Wakulima Market, and for giving us a comprehensive Report of the status of the Market. Mr. Temporary Speaker, in the recommendations I have seen that they said we need to dig Boreholes for the Wakulima Market. This Market is in town, in fact it is in the Central Business District (CBD) where we do not have water problems. I will request instead of digging a Borehole, they change the piping or the NAWASCO Team come in to change the Pipes and the input of water into the Market so that it can be able to bring enough water that can accommodate the number of people who use the Market.

Mr. Temporary Speaker, regarding the staff at the Wakulima Market, I would like to recommend that the County Government take this issue with urgency and employ Clerks to assist in the collection of revenue so that our revenue can go up. I stand to support the Report, Thank you.

**The Temporary Speaker** (Hon. Elijah Murage): Hon. Talam.

**Hon. George Talam:** Thank you Mr. Temporary Speaker for giving me this opportunity. I do support our able Chairperson for Trade. What I want to say is that, it was a shame when we got to the place and found out the Enforcement Officers had no Shoes. I do request that we summon the Chief Officers and the CECs for the Department for Finance and Water and Environment so that they can explain to this House why the Enforcement Officers do not have the gear and Shoes. It is very shameful considering that this is a City and if other Counties come to the City and see Revenue Clerks wearing worn-out SHOES, it will be shameful to this County.

Mr. Temporary Speaker, when we went there, we also found out that the way the Market was done to accommodate a huge number of Traders. We found out that the Nasha Market was constructed not in a condition where it can accommodate those number of Traders. If we can be able to summon the COs and the CECs so they can be able to explain why and also the Engineers who were supervising during the Former Governor's Kinuthia era and the Lee Kinyanjui era to explain to us why it was not done according to the Bill of Quantities (BQ). I do support, and I am also a Member of this Committee. I support the Report. Thank you, Mr. Temporary Speaker.

**The Temporary Speaker** (Hon. Elijah Murage): The Hon. Ruto then I will cross to the other side.

**Hon. Robert Ruto:** Thank you so much Mr. Temporary Speaker for giving me this opportunity. I rise to support the Chairperson for Trade and the Committee for a job well done. Mr. Temporary Speaker, I would only suggest that we put more emphasis, especially on the sector of sanitation.

Mr. Temporary Speaker, as we all know in the Wakulima Market food products are sold there and are consumed in our entire County. So, if anything goes wrong then the spread of diseases might be very fast. I would like us to look at the sanitation at the Wakulima Market because it was so pathetic that you would not like entering the Market. I would like the Department of Water and Environment to keep an eye on sanitation more so the drainages at Wakulima Market are clogged and dirty. The same Committee should put more emphasis on that. Thank you and I support the Report.

**The Temporary Speaker** (Hon. Elijah Murage): Hon. Kirui.

**Hon. Bernard Kirui:** Thank you, Mr. Temporary Speaker, I rise to support this Motion and thank the Committee on Trade for the job well done. It was early this year when I met some Enforcement Officers and they were asking me if I can mobilize my colleagues to at least to have something in the Budget to buy them Uniforms. Mr. Temporary Speaker, I agree with what Hon. Karanja has said. It is true that those Officers are in a mess and I think as Hon. Talam has said, they have the PSM. I think the Committee on Trade should ask or invite the Chief Officer to explain why those Officers are suffering. Thank you Mr. Temporary Speaker I rise to support.

**The Temporary Speaker** (Hon. Elijah Murage): Hon. Duale.

**Hon. Ali Abdi:** Thank you so much Mr. Temporary Speaker for catching your eye. I also wish to commend the Committee on Trade and Tourism for a job well done. I want to comment on three issues; One, is the issue of Toilets and how it is being run and managed. These Toilets are run by Cartels. This money that is being collected from these toilets is going to the pockets of individuals. Such kinds of Projects should be given to young people so that they can manage these Public Toilets so that they can have something at the end of the day to put into their pockets. These young people do not have jobs so when you give them such opportunities and empower them, it will go a long way in making sure that they have the capital or something to do.

The second thing is Revenue Automation; in this century if the Market is not automated, the Chairperson said that someone sits there and collects money as if he is in a funeral or a shop. That is something that should be looked into very keenly. To the Members of Finance Committee, that is very serious work and they need to get down and know why until this century there is no automation of Revenue Collection in the Markets. There is a lot of money being lost here and it should get back to the Government and help in one way or another. There is an issue of Officers who are not wearing Identification Badges and putting on their Uniforms. Publicity and Public Relation is significant in any institution in this Country or the World. I always tell people when you come to this Assembly, I have gone to different Organizations and when you have come to this Assembly of Nakuru, the Staff of this Assembly are one of the best people they can handle

anyone. They have nice barges on their neck and can direct you to the relevant Office. That is a Public Institution and are not wearing gear, which tells you there is a problem. As I support, I wish to ask the Committee to summon these people and ask them why people are sleeping at their jobs. I support the Report; thank you.

**The Temporary Speaker** (Hon. Elijah Murage): The Hon. Member from Malewa -West

**Hon. Francis Kuria:** Thank you Mr. Temporary Speaker. First of all, I want to commend the good job the Committee did and the Observations they came up with when the Committee made a site visit. The Market was in a mess first in terms of hygiene, you find lots of piles of garbage emanating from Farm Produce. The service providers in that area are few and you find the workload for the service providers versus the byproduct of farm produce, they have a lot of work. So, we need to also add the number of service providers in the Market.

Also Mr. Temporary Speaker, maybe the Chairperson will elaborate further, he talked about something to do with water. We have some Companies like NAWASCO that supply water within the Town, I do not know whether the Chairperson of the Committee tried to confirm why there was a shortage of water within the Market or the flow of water that is being supplied within the Market is not sufficient to serve the people within the market. Also, to unclog the drainage, we need to collaborate with the Department of Roads and as a Chairperson, for that observation, I will take my Committee of Roads we do a Site Visit so to apply some pressure to unclog the Drainage System. I therefore rise to support this Motion and thanks for the good job by the Committee. Thank you Mr. Temporary Speaker.

**The Temporary Speaker** (Hon. Elijah Murage): Hon. Maritim

**Hon. John Maritim:** Thank you Mr. Temporary Speaker, I also rise to support the Motion and also to commend the good job the Committee did. That was a great eye-opener; I have seen where our own Source of Revenue is getting lost. By curbing this menace, I believe the majority of people who are here are from the Finance Committee, we should visit there to ascertain whether they are using those Machines in collecting revenue. Mr. Temporary Speaker, I have also realised that we usually collect a lot of money in these Markets. For in a day, a Canter we charge Kshs 1 000 and I believe many Canters go there. A two tons lorry is Kshs 700 and that shows in a given day, we can make almost Kshs 1 million in that Market. I believe the same money can be raised and it can go even to Kshs 2 million and Kshs 4 million.

Mr. Temporary Speaker, I also urge on the issue of cleanliness, I think here we are dealing with food and I believe where food is, cleanliness should be a key thing. I urge the Committee of Environment to visit that place so that they can do the cleaning.

Finally Mr. Temporary Speaker, we have been told that the Market is highly congested. We have like 800 people who are doing business there and I am urging that out of this collection that is made from this Market, I believe there is a space either if this market is full, we can look for a

different place, the land is bought and we construct another Market because that shows that there is a lot of money in this business.

Mr. Temporary Speaker, I second *Mheshimiwa* Duale in what he said about the toilets; this toilet collection is something to be given to young people, a registered group. And by the way it is one of the best sources of people getting a bit of income. Why am I saying so, I own one in my Ward which I give it to young people and I make like Kshs. 700 to Kshs 1000 in a given day. So, they usually pay the Watchman, pay electricity and water bills. So, I believe this makes a lot of sense. We can get groups of ladies and groups of men to run these toilets. Thank you Mr. Temporary Speaker, and I thank the Committee on Trade.

**The Temporary Speaker** (Hon. Elijah Murage): I will now call the mover to reply.

**Hon. Stanley Karanja:** *Asante sana* Temporary Speaker. *Kwanza wacha niwapongeze Members kwa kuchangia Mswada huu na Ripoti hii. Wamechangia vizuri na kuiboresha. kama vile nilikuwa nimesema hapo awali ya kwamba ningeuliza na ninaomba Kamati ambazo zinahusika kwa sababu hii Committee ukienda kwa soko, ni Idara nyingi ambazo ziko pale.*

*Bwana Spika wa Mda, mimi ningesema kwamba watu wa Budget, zile pesa ambazo tunaappropriate na kupitisha za Budget za uniform, wahakikishe kwamba zinanunuliwa. Pia ningependa Kamati ambayo Mwenyekiti ameongea juu yake ya Barabara iende pale na ihakikishe Drainage iko. Kuhusu maji, kwa sababu Members wameuliza, maji yako lakini ni kidogo. Bwana Spika wa Mda unaona hiyo mifereji iliwekwa kitambo wakati soko iliundwa. Kwa hivyo wale watu wanaokusudia kupata maji ni wengi kuliko wale watu wako kwa sasa.*

*Bwana Spika wa Mda, kulikuwa na huo mpango wa kuhakikisha ya kwamba kuna maji na wamechimba Kisima lakini sasa hakuna. Hiyo pia ningeuliza Kamati ambayo ni ya Environment na Maji ya Hon. Rose pia watembee huko ili waweze kuhakikisha hayo mambo yamefanyika. Na mwisho Mr. Temporary Speaker, ningeuliza tu Kamati ambayo inahusika na Uchunguzi wa Ufisadi iende na iangalie ni kwa nini mjengo haukuwahi kukamilika.*

*Tumesema ya kwamba Engineer ambaye aliweka Certificate ya kusema ya kwamba mjengo umekamilika na kwa wale ambao wana ulemavu hawawezi kufika pale. Ukiingia pale, mjengo wenyewe haukuwa umejengwa vizuri na tayari pesa zililipwa. Hata kama ni Serikali iliyopita ningeuliza hiyo Kamati ihakikishe ya kwamba wafisadi wameshikwa na hizo pesa zimerejeshwe.*

*Na Contractor ahakikishwe amerudishwa pale ili huo mjengo uweze kukamilika. Kwa Hivyo mimi ni kushukuru Members kwa mchango wao na nihakishie ya kwamba sisi kama Kamati tutahakikisha ya kwamba hayo yote yamefanyika.*

*Na mwisho Bwana Spika wa Mda, Kamati ya Security ambayo inaongozwa na Mheshimiwa Duale kwa sababu wale Enforcemet Officers ambao wako pale ndio wanalinda usalama, aende pale aone jinsi vidole vinatangulia viatu. Hawana Viatu na ni vibaya kuwa na watu ambao hawajavalia vizuri na wao wanatakikana kulinda usalama. Pia ningependekeza Committee hiyo ihakikishe ya*

*kwamba watu wanahusika na usalama pia wawe na mavazi mazuri, na wasiwe kizuizi cha huo usalama. Members nimeshukuru na asante kwa kuchangia na mawazo yenu na yatachukuliwa kama inavyotakikana. Asanteni sana Members.*

**The Temporary Speaker** (Hon. Elijah Murage): Hon. Karanja, *tutajuaje hawana viatu?*

**Hon. Stanley Karanja:** Mr. Temporary Speaker, *Mungu ni mzuri kwa sababu Clerk wetu yuko hapa, tuna hizo picha ya huyo Afisa ambaye tulimpata, ambaye alikuwa na nguo za Lee Kinyanjui na viatu ambavyo vimeraruka. Nafikiri next time tutasambaza hiyo picha; ni kama ya mtu ambaye hataikani; unwanted person in Nakuru County. Hiyo iko, it is evidence enough and we will forward to the Committee ya Duale ione jinsi Security imedorora na kulemaa.*

**The Temporary Speaker** (Hon. Elijah Murage): Thank you Hon. Karanja I now put it into question

*(Question is proposed that this House adopts the Report of the Committee on Trade, Tourism, Cooperatives, and Planning on the Inspection Tour of Nasha and Wakulima Markets in Nakuru East Sub-County laid on the table of the House on Wednesday 8th November 2023 during the Morning Sitting.)*

*(Question put and agreed to)*

## **ADJOURNMENT**

This House stands adjourned to today at 2.30 pm

**The House rose at 12.30 PM**
