**PRAYERS**

**Temporary Speaker** (Hon. Mwalimu): Have your seats. Yes Clerk.

**STATEMENT**

Yes Hon Mary.

**Hon (Ms) Akinyi:** Thank you Mr. Speaker sir. Mr Speaker sir I have a statement on shortage of water in public primary schools.

Mr Speaker sir there is a great need to ensure that our Primary schools have adequate supply of safe water for drinking and sanitation.

Most of our public schools lack water for pupils to use, this leads to poor hygiene in schools and therefore causing diseases like diarrhea, cholera and other skin diseases.

Mr Speaker sir I humbly urge the department of water to liaise with donors and construct boreholes in public schools to ensure constant and adequate supply of water.

Thank you Mr Speaker.

**Temporary Speaker** (Hon. Mwalimu): Thank you Hon Mary Akinyi. Your statement is clear that you are urging the department, you are not requesting to hear from the department what have they done to make sure the shortage of water has been noted correct?

You are urging the department to look for donors to make sure there is sufficient water in schools.

So we ask the Clerk to communicate to the Committee on Early Childhood so as to liaise with the department to make sure they fast track and they initiate to work with donors or the County to make sure there is sufficient water in the government schools.

Yes Clerk.

**Temporary Speaker (Hon. Mwalimu):** Yes proceed.

**Hon (Ms) Nyamvula:** Thank you Mr. Speaker. Mr. Speaker if all the time we request and we condemn when we do get good results we shall also come back and say that good work was done.

Mr. Speaker at the beginning of this year in particular on 20<sup>th</sup> January, 2016 and well before that I was very bothered with the parking at the Coast Provincial General Hospital (CPGH).

There were lorries parking behind the Rahmtulah and the place was congested and somebody there with the garage and parking lorries and am very happy to report after a very long struggle calling the County Secretary, invading him with phone calls and everything I'm very happy to report Mr. Speaker that those lorries are no more...

*(Applause)*

The parking now is left for Tuk tuk and the big lorries are no more so am very happy I thought it is something I should come back and report because those Tuk tuk are doing a good business making money the big lorries when they set up their businesses can find places to park.

Furthermore is that the patients at Rahmtulah have a peace of mind and talking to one of the nurses she told me there were spanners making noise and that's why Mr. Speaker I felt that it is important I appreciate the work done.

Thank you Mr Speaker.

**Temporary Speaker (Hon. Mwalimu):** Thank you Hon Sarah Nyamvula for the appreciation statement. Yes Clerk.
