### MOTION

#### CONSTRUCTION OF TWO DESALINATION PLANTS WITHIN THE COUNTY OF MOMBASA

Yes Hon. Hamisi Musa Mwidani.

Mr. Speaker Sir, I beg to move the following Motion;

---

*(Leader of Majority (Hon. Mwidani) moved)*

**THAT AWARE** that that County government of Mombasa is charged with the responsibility of policy formulation, implementation, administration, operation and maintenance for all matters pertinent to the provision of clean water and the administration appurtenant regime under the Fourth Schedule of the Constitution of Kenya 2010;

**FURTHER, AWARE THAT** the issue of the provision of water in the coastal region has historically been contentions issue and that the County of Mombasa has been experiencing an acute water shortage for in excess of 30 years;

**NOTING THAT** this issue hinders the sustainable development of the County and City of Mombasa considering the pivotal role water plays in the health and development of any economy;

**FURTHER, NOTING THAT** this matter can be properly visited and handled through the provision of water by water desalination of sea water;

Mr.Speaker Sir, **CONCERNED THAT** the general populace...In fact Mr. Speaker I think there is an error here...Okay populace acutely affected by the non availability of clean consumable water for consumption and development of industry are dwelling in compromising, unhealthy and unsustainable condition;

I therefore urge this Assembly to **RESOLVE** that:

The County government of Mombasa through the Department of water and natural resources be allowed to source for a bank guarantee to support the financing and construction of two (2) plants in the County of Mombasa as well as borrow any funds required in order to alleviate perennial water shortage within the County, and I would request that Hon. Hatimy to second my Motion.

Thank you, Mr. Speaker.

**The Speaker** (Hon. Khatri): Yes Hon. Hatimy.

**Hon. Mohamed Hatimy:** Under Standing order 50(1) I second.

**The Speaker** (Hon. Khatri): Thank you. Hon. Members I now propose the question that the Motion on construction of two desalination plants within the County of Mombasa by Hon. Hamisi Musa Mwidani be considered by this House in the same terms as moved.

*(Question proposed and agreed to)*

Yes Hon. Hamisi Musa Mwidani.

**Leader of Majority** (Hon. Mwidani): Ahsante sana Bwana Spika. Bwana Spika ningependa kuielezea hili Bunge kwa ufasaha sana; kwamba huu upungufu wa maji umekuwa kwa muda mrefu sana, na hii kutafuta kutengeza mtambo wa kutumia maji ya chumvi ni jambo la busara sana na nafikiri katika kampeni zetu tulikuwa pia tukielezea kwamba tutahakikisha Mombasa inapata maji ya kutosha na kweli Bwana Spika ukiangalia hata Saudia wanatumia maji ya bahari kwa kunywa na sasa hata sisi Mwenyezi Mungu ametujaalia tuko na bahari. Kwa hivyo tumeshukuru serikali yetu kupitia kwa Mheshimiwa Gavana kwa kuweza kutafuta mbinu za kuleta mitambo ya kuweza kusafisha maji ya chumvi yawe maji safi ya watu kutumia. Kwa hivyo naona huu ndio wakati na hii ndio sheria ambayo lazima kwanza tupitishe ndio hata Gavana aweze kutafuta fedha ama wafadhili ijapokuwa hata kwenye majukwaa huwa tunasema tutaleta maji safi kutokana na maji ya chumvi lakini bila kupita kwa hili Bunge kama sheria haiwezi kutekelezwa. Kwa hivyo nawaomba Wabunge waelewe kwamba kupitisha Mswada huu itakuwa tushaipatia serikali yetu nguvu ya kuweza kutekeleze yale tulikuwa tukiahidi, hivyo basi Bwana Spika naomba Bunge hili kwa unyenyekevu tuchukulie umuhimu wa hii hoja kwa sababu ya wakazi wetu wa Mombasa. Ahsante Bwana Spika.

**The Speaker** (Hon. Khatri): Thank you the Majority leader, yes Hon. Fadhili.

**The Deputy Speaker** (Hon. Mwalimu): Ahsante sana Bwana Spika. Bwana Spika kando ya kuwa tunamheshimu Kiongozi wa Walio Wengi katika Bunge letu, lakini mimi nimesimama kupinga hoja hii kwa sababu zangu. Mheshimiwa Spika kwanza kabisa mwenye kuleta hoja hii tumeona kuwa wakati akileta hoja hii hakuwa na uhakika wa maneno yaliyoko katika hoja hii; sikuweza kuelewa hii ni hoja yake binafsi ama ni hoja kutoka kwa serikali, na ndani ya hoja hii aliyoileta mbele ya Bunge letu Mheshimiwa Kiongozi wa Walio Wengi hajakuwa muwazi kwa kutuambia kuwa turuhusu serikali iombe pesa zozote bila kutuambia ama kuweka, bila kukisia ni pesa ngapi ambazo tutaruhusu serikali iweze kuomba tukijua kuwa ameomba tukijua kuwa katika hoja hii ameomba katika kiche cha hoja hii ameomba tuwe na mitambo miwili. Mheshimiwa Spika kwa kuomba zile mbili inamaanisha unajua ama unaweza kukisia ni pesa ngapi ambazo zitaweza kuhitajika kufanya shughuli kama hii. Mheshimiwa Spika hii inaonyesha wazi kuwa kiongozi wa walio wengi hajaiketia hoja hii na hajaielewa vizuri na itakuwa sisawa sisi turuhusu tu serikali iende iombe pesa kama anavyosema kwamba tuweke katika sheria basi ni haki ama ni sawa pesa zile ziwe zimewekwa na tuwe tumeruhusu kama serikali ya Kaunti na ndipo nimesimama akiwa atakubali aombe ruhusa ya Bunge aende arekebishe hoja yake hii na anapokuja awe muwazi atuambie ni hoja kutoka serikali ama ni hoja yake yeye mwenyewe binafsi kwa sababu labda Mheshimiwa katika kampuni hizi mbili ambazo zitaweza kuletwa labda anavutia kwake moja iende Mtongwe hatujui. Twaomba akiwa atakubali alieleta hoja hii arudi aombe ruhusa ya Bunge, aende atengeze hoja yake vizuri aje akiwa muwazi na atuambaie kama ni hoja kutoka kwa serikali pasi na kutaja jina la Gavana na hali hatujajua hoja yenyewe inatokea wapi. Ahsante.

**The Speaker** (Hon. Khatri): Thank you Hon. Fadhili, yes Hon. Mwamwiri.

**Hon. Athman Mwamwiri:** Ahsante Mheshimiwa Spika. Mheshimiwa Spika nasimama kwa hoja ya kuunga mkono Mswada ulioletwa na Kiongozi wa Walio Wengi. Mheshimiwa Spika Waswahili wanasema, mfa maji baharini ni mzembe na sisi Mombasa ama gatuza la Mombasa kuwa miongoni mwa Kaunti zinazo pata shida na masuala ya maji hali ya kwamba tuko na asilimia kubwa ya bahari basi sisi pia tutakuwa tuwazembe.

Mheshimiwa Spika japo katika hoja yake kuna mambo ya kurekebiswa hususan suala la fedha kwa kuwa hajazingatia kima gani kinatakikana lakini hoja yake iko sahihi na inastahili kuungwa mkono kuepukana na tatizo linalotukumba kila mara, tatizo la maji safi katika mji wetu wa Mombasa ama gatuzi letu la Mombasa. Mheshimiwa Spika tumekuwa tukilipa maji katika Kaunti zingine kama Kwale na hali kadhalika Taita Taveta ambao wanategemea maji ya chemichemi ambayo idadi yake ni kidogo sio sawa na maji tuliyo nayo. Mheshimiwa Spika ulimwengu mzima ama mataifa mengi ya ulimwengu ambayo yamepakana na bahari yameweza kujisimamia ki maji na hata kutumia maji hayo katika suala zima la ukulima kwa sababu ya kusafisha maji hayo kuweza kutumia katika maisha ya mwanaadamu na hali kadhalika kuweza kutumika katika kilimo katika maeneo yao. Leo Mheshimiwa Spika katika Kaunti yetu ya Mombasa tumekuwa tukitegemea maji ya kununua kutoka sehemu zengine; tumekuwa tukitegemea vyakula kutoka sehemu zengine hali ya kwamba Mwenyezi Mungu ameturuzuku na bahari japo haitufaidi sana upande wa bandari kwa sababu serikali kuu imegandia, lakini tunaweza tukasafisha maji yale na tukaweza kuyatumia na hali kadhalika tukaweza kusaidia Kaunti nyengine ambazo zitakuwako ziko na changamoto ya suala la maji. Kwa hivyo Mheshimiwa Spika swala hili la hoja ya Mheshimiwa Hamisi Musa ni swala nyeti na ni swala ambalo linahitaji sisi kama Waheshimiwa kuweka mfano mwema wa kwamba katika kipindi chetu tuliweza kushughulikia na kupitisha kanuni ambazo tuliweza kuwa na usimamizi wa maji yetu kwa minajili ya maisha ya watu wetu ya siku za sasa na siku zijazo. Mheshimiwa Spika Mheshimiwa Fadhili amesema labda Mheshimiwa Hamisi Musa anataka kupeleka hoja Mtongwe, Mtongwe iko ndani ya Mombasa na kama Mtongwe hakuna sehemu basi mimi niko tayari kupeana sehemu katika eneo langu la Wodi ya Likoni hata kama ni kuvunja nyumba yangu tupeane kiwanja kiwekwe mtambo huu kwa ajili ya kutusaidia katika shida zima la swala la maji. Kwa hayo naunga mkono hoja hii ahsante.

**The Speaker** (Hon. Khatri): Thank you Hon. Mwamwiri, yes Hon. Mwaka?

**Hon. (Ms.) Mwaka Bakari:** Ahsante sana Mheshimiwa Spika, kwangu mimi naunga mkono hoja hii ilioletwa na Mheshimiwa Hamisi na kulijazia titi swala hili ni kwamba nyeti kwetu hususan watu wote wa Mombasa ikizidia kwangu Timbwani Likoni tangu Kenya ipate uhuru hatujawahi kuona maji matamu na kama kutakuwa na maji hayo ambayo kwamba yaweza kutusaidia basi kwangu kuna bahari, kuna viwanja viko nyingi vya kuweza kuweka mitambo hiyo na hata hapo karibu na hapo baharini kuna uwanja mkubwa sana kwa hivyo mimi naunga mkono hoja hii ili iweze kusaidia wananchi wa Mombasa na wa Likoni kwa jumla hususan wa Timbwani. Ahsante.

**The Speaker** (Hon. Khatri): Yes Hon. Kitula Chief Whip.

**Chief Whip** (Hon. Kitula): Ahsante Mheshimiwa Spika, nimesimama kuweza kuchangia kuhusiana na hoja ambayo imeletwa na kiongozi wa wengi wa Bunge hili. Mheshimiwa Spika ni dhahiri tuweze kufahamu wakati Gavana siku ya tarehe 26 mwezi wa tisa mwaka wa 2017 kwa wakati wa ufunguzi rasmi wa Bunge hili aliweza kulitilia mkazo suala hili la kuweza kubadilisha maji ya chumvi yaweze kuwa maji matamu yaweze kutumika kwa matumizi ya jamii na vile vile maswala ya nyumbani. Vilevile lazima tuweze kufahamisha Bunge hili kwamba hili jambo halifanyiki mara ya kwanza katika Kaunti yetu ya Mombasa, jambo hili nchi ya Uispania ambapo Gavana pamoja na Waziri aliyekuwa kwa Bunge la kwanza aliweza kuzuru katika nchi hiyo ya Ispania vile vile Venezuela.

Kwa hivyo masuala haya hatujawahi pata ripoti kwamba inaathiri wakaazi wa maeneo yale. Vilevile katika sehemu yetu kampuni hizi zinapokuja kwa Kaunti yetu ni dhahiri lazima kutatoka ajira, vijana wetu pamoja na kina mama wataweza kuajiriwa kupitia mradi huu endapo utaweza kuwa tayari na vilevile ningependa kumrekebisha Naibu wa Spika katika Bunge hili Mheshimiwa Fadhili kwamba sisi jukumu letu ni kuweza kupitisha bajeti ambazo zimeweza kuletwa katika Bunge na vilevile kuweza kupitisha mikopo yoyote endapo itaweza kuletwa katika Bunge hili; ikiwa sasa hii ni hoja imeweza kuletwa inapelekwa katika idara waweze kulitilia mkazo ili kampuni ziweze kuja rasmi katika Kaunti yetu, hivyo basi wakati wanapokaa pamoja na wahusika wakuu wa kuweza kuangalia bajeti na ni kima cha pesa ngapi itatumika kutakuja hoja nyengine ili kuweza kupitisha kama ni sawa hiyo fedha kuweza kutumika ili mradi huu uweze kuja katika Kaunti yetu. Kwa hivyo ningependa tu kumshauri Naibu wa Spika aweze kubadilisha nia yake na tuweze kuunga mkono hoja hii kwa manufaa ya watu wetu ili tuweze kupata maji masaa 24 katika Kaunti yetu ya Mombasa, ahsante sana Mheshimiwa Spika.

**The Speaker** (Hon. Khatri): Yes Hon. Samba.

**Hon. Samba:** Yes thank you Mr. Speaker, first of all I would like to thank the Hon. Majority leader for bringing this Motion, desalination plant. Infact it is a fact and it is for the public interest that we need that plant and I would also like to inform the Deputy Speaker he happens to be the Deputy Speaker Hon. Fadhili that any of the government...

*(Interruption)*

**The Speaker** (Hon. Khatri): Yes Hon. Fadhili.

**The Deputy Speaker** (Hon. Mwalimu): Mr. Chair I was just informing through the Chair that the Hon. Member is supposed to address the Chair and not the Hon. Member, so please Hon. Samba address the Chair and not the Deputy Speaker.

**The Speaker** (Hon. Khatri): Yes I think Hon. Samba, Hon Fadhili has his right to give his opinion so you can give your own opinion and let everyone give his or her own opinion.

**Hon. Samba:** Hon. Speaker, sometimes it is good to listen, you just don't run into conclusions without even listening to what I was yet to say, I didn't even say anything I just mentioned and he happens to be the Deputy Speaker by virtue, not unless you want to rebuke that fact we should know. As I proceed I wanted just to inform the House that any Motion that is for the interest of the County government is brought by the Majority leader who happens to be Hon. Hamisi Musa Mwidani so this Motion is for the government and we support it the reason is best known because we need this plant in Mombasa as my colleagues from the other side of the ocean Likoni you have heard that they have never ever tasted fresh water and maybe this will be the first chance and opportunity they will have to taste fresh water because if they do that they only do it here in the parliament where we are given fresh water everyday but to the residents of Likoni, even my Ward Tudor we also face the same. So I support this Motion because he has stated very well that, *the County government through the department of water and natural resources be allowed to source for a bank guarantee to support the financing and construction of the two.*

After the passage of this Motion as my colleague Hon. Kitula has just stated it will go to the Finance Committee and then it will be brought back to us here and we will pass it and I beg to support the Motion. Thank you Mr. Speaker.

*(Applause)*

**The Speaker** (Hon. Khatri): Thank you Hon. Samba. Hon. Members just to remind you we are debating on this Motion; we are not debating on what other Members are contributing on this Motion so let us stick on the Motion, let everyone give his or her own opinion. Yes Hon. Milka anything to contribute on this Motion.

**Hon. (Ms.) Ngare:** Thank you Mr. Speaker for giving me this opportunity to contribute to the Motion on desalination plants within our County; my contribution will be first of all to congratulate the Majority Leader for bringing the Motion to this House on behalf of the government but I would also urge him to familiarise himself with the wordings of the Motion before he comes to the Assembly so that he does not falter while presenting it, that is for next time. Water is a very essential commodity; both to human life, animals, plants just to name but a few and therefore...

*(Interruption)*

**The Speaker** (Hon. Khatri): Hon. Milka I think that is not the right way to address the Majority leader, because you are there not to address the Majority Leader what he said you are there to address the Motion I just said that. So I think you are out of order by telling the Majority Leader if he is addressing it in the right way or not in a right way and that is my work not your work.

**Hon. (Ms.) Ngare:** Mr. Speaker I think as a Member of this House I also have a right to give my views...

*(Interruption)*

**The Speaker** (Hon. Khatri): But not your views on another Member then we will be just sitting here and talking about each other's Member, you will be talking about majority, the other members will be talking about the other Members...

**Hon. (Ms.) Ngare:** In connection with the Motion, I was not talking about his personal issues am talking in connection with the Motion presented here, anyway if that offends I do withdraw.

**The Speaker** (Hon. Khatri): It is ok. Thank you.

**Hon. (Ms.) Ngare:** Therefore as I have stated before I am here to support the Motion on providing more water from the sea so that our residents can have clean water and enough because we are aware there is scarcity of water within our County and mostly the people affected are the women because they have to move long distances to look for this water.

Therefore having enough water for the residents of Mombasa would mean that the women would devote time of looking for water, for other things that are also essential to both the family and to giving other services to the County. So I do support the Motion of providing more water through desalination from the sea so that we can also keep off diseases that are brought by use of water that is not very clean. So I urge the House to also support the Motion so that we can have enough water. Thank you.

**The Speaker** (Hon. Khatri): Yes Hon Abrari.

**Hon. Mohamed Abrari:** Ahsante sana Mheshimiwa Spika nimesimama kuipinga hoja hii...

*(Applause)*

Mheshimiwa Spika ni kweli tuna bahari lakini tuna njia nyengine ambazo sio za ghali kwa sababu mtambo wa *desalination* ni ghali sana na sisi tuna njia nyengine ambazo tunaweza kutumia kupata maji; kuna mto Mwache ambao unamwaga maji kwenye hio hio bahari ambayo hatujatengeneza bwawa la kuweka maji hayo, tuna maji ambayo yanaingia kwenye bahari ambao yanaingia kwa bahari kupitia Mwakirunge bado maji hayo yako matamu ambayo kitu ambayo tunataka zaidi ni kutengeneza kiwanda ambacho kitasafisha maji kwa sababu kusafisha maji kutoka kwenye chumvi kufanya yawe matamu ni ghali zaidi ambayo hii tume *experience* tayari kuna mahali ambayo chombo kama hichi kishaletwa lakini kikashindwa kuendelea. Kitu ambacho tunasema sisi kweli watu wa Mombasa tuna shida ya maji lakini itakuwa ni ngumu sana pesa hii ambayo Mheshimiwa Kiongozi wa Walio Wengi Bungeni Mheshimiwa Mwidani hajaweka haswa kiwango maalum cha kuwa hizi pesa ambazo zitatumika kununua mtambo wa *desalination* kwa sababu ndio ni wazo zuri lakini hiyo ni pesa nyingi sana itatumia ndani ya Kaunti, kwa hivyo sisi twaomba tutafute njia nyengine mwafaka ya kupata maji Mombasa. Ahsante.

**The Speaker** (Hon. Khatri): Thank you Hon. Abrari. Yes Hon. Nyiro.

**Hon. Nyiro:** Thank you Mr. Speaker . I beg to give my contribution towards this Motion; to be sincere it is a good Motion because it has the needs of the people considered in it but again I happen to have a desalination machine myself at home and I think Hon. Wambua sitting next to me can attest to that I used to make this water under the label, impact holdings and to be sincere I stopped seven months ago because of the expenses because I happen to have a well near because my home is next to the ocean so I dug my well at the ocean so the water is very salty. So I was doing desalination myself and I was packaging this water for sell but now I stopped seven months ago because of the expenses, so to be sincere it is a very expensive venture bearing in mind that we have had a number of projects in the County which has not been sustained, for example we have the milk project which has not been sustained up to now the school going children have not received milk from January meaning that...

*(Interruption)*

**The Speaker** (Hon. Khatri): Yes Hon. Mwamwiri?

**Hon. Athman Mwamwiri:** Naomba kumtaarifu Mheshimiwa wa Bamburi ya kwamba gharama za utekelezaji zoezi hili asilinganishe maisha yake binafsi na serikali ya Kaunti.

*(Laughter)*

**The Speaker** (Hon. Khatri): Yes Hon. Nyiro.

**Hon. Nyiro:** Thank you for the information. I happen to live in Mombasa and also happen to be an Honorable Member so I know where it bites also in this County. I have just given the example of the milk program that the government has not been able to sustain it because of the expenses and desalination from the practical fact of it from my experience it is a bit very expensive and it has to be done continuously for you to supply water you need to desalinate everyday meaning that you need to spend money every day to maintain desalination machines. Again may be we would need to sell this water to the people so there is going to be a competition between the water that is supplied by Mombasa Water and the water that Mombasa County will be supplying maybe because of the expenses we will need to sell this water at a much higher price than the water that is available, bearing in mind also that the government of Kenya is also in the process of constructing the Mwache Dam which is also going to supply to increase the volume of water into the County. So maybe before we venture into this we can liaise with the Governor because...

*(Interruption)*

**The Speaker** (Hon. Khatri): Yes Hon. Mwamwiri?

**Hon. Athman Mwamwiri:** Ahsante Mheshimiwa Spika naomba kumtaarifu Mheshimiwa Nyiro ya kwamba kwa mujibu wa Katiba, ratiba ya nne sehemu ya pili kipengele cha kumi na moja (b) majukumu ya maji pamoja na maji taka yako chini ya serikali za ugatuzi. Kwa hivyo serikali yetu ya Mombasa itaamua ni maji gani yatakayo sambazwa katika Kaunti hii kwa hivyo hakutakuwa na ushindani kwa sababu ni kupitia shirika la Mombasa Water ambayo iko chini ya Kaunti ya Mombasa ndio inanunua maji kwa shirika la Coast Water services lakini kama tunaandaa maji yetu sioni haja sisi kununua maji Coast Water wakati tunayo maji yetu sisi kama Kaunti ama serikali ya Kaunti. Ahsante.

**The Speaker** (Hon. Khatri): Thank you. Yes you can continue Hon. Nyiro.

**Hon. Nyiro:** Okay thank you Mr. Speaker but I am not ready for any more information it is just confusing me. I am aware of everything that is saying but I am also contributing with facts that the County and national governments are interdependent; there is no way you can say you don't need any support from the national government because you are a County. The County government is dependent on the County and the national are interdependent entities so we cannot say that we will not need any water from the national government because we are interdependent, rather my biggest point was that is this project sustainable? Can we sustain this project? If we can sustain it well and good but if it is going to be expensive on us then it stops on the way like the way milk project has stopped then it is a very dangerous venture. So Mr. Speaker I beg to oppose.

---

(Applause)

**The Speaker** (Hon. Khatri): Yes Hon. Rosemary Mukavi?

**Hon. (Ms.) Mukavi:** Thank you Mr. Speaker for giving me this chance to contribute this Motion brought forward by Leader of Majority. Mr. Speaker it is very important for us to have this plant because even if we have water in this parliament now so if I leave four years later I will go to drink that salty water if we will not do this plant. So I support this project fully so that when I leave I can go and wash with water which is not salty Mr. Speaker. Thank you.

**The Speaker** (Hon. Khatri): Thank you, yes Hon. Leila?

**Hon. (Ms.) Nyache:** Ahsante sana Mheshimiwa Spika kwa kunipa hii nafasi. Kwanza nampongeza Kiongozi wa Walio Wengi Mheshimiwa Hamisi Musa kwa kutuletea mjadala huu wa maana sana. Mheshimiwa Spika maji safi imekuwa shida sana katika Kaunti ya Mombasa hususan Changamwe kuna shida sana ya maji. Watu mashinani wanahangaika kutafuta maji safi sana, watu wanatumia maji ya chumvi na maji ya chumvi kama vike mnavyojua huwezi ukanwa yale maji. Wengine wanakunywa kwa shida maanake hawawezi kupata yale maji safi lakini maji ya chumvi hata hayafai hata kunywa; hata kupikia labda kuoshea vyombo, kufua na labda kuogea lakini maji ya kunywa, maji ya kupikia ni maji safi na mwananchi anahitaji maji safi Mheshimiwa Spika na maji ni afya, maji ni uhai. Kwa hivyo mimi naunga mkono mjadala huu uliokuja na Mheshimiwa Hamisi Musa naunga mkono Mheshimiwa Spika kwa sababu hata sasa hivi hawa Waheshimiwa wote wanajua maji safi ni shida kupatikana hapa Kaunti ya Mombasa na sisi kule Changamwe tunanunua mtungi shilingi 30 mpaka 50. Kwa hivyo mimi ningeomba tu Bunge hili tunge mkono Mswada huu kwa sababu wananchi wetu waweze kupata maji safi na pia zile gharama ziweze kupungua maanake huo mtambo ukija wa kugeuza maji ya chumvi yawe masafi labda maji pia yatakuwa rahisi kwa mwananchi wa chini. Kwa hivyo mimi naunga mkono Mswada huu wa kuleta mtambo wa kugeuza maji ya chumvi yawe safi kwa mwananchi. Ahsante Mheshimiwa Spika.

**The Speaker** (Hon. Khatri): Thank you. Yes Hon. Juma Renson?

**Hon. Thoya:** Nashukuru Bwana Spika nilipokuwa na kaa hapa makini hata nilikuwa nasikia semi za kizungu na Kiswahili kutoka kwa wale ambao walikuwako wanaunga mkono ama wanapinga, cha msingi hapa si kizungu wala Kiswahili wananchi wanayoyataka ni maji ya kunywa na wanayataka sasa hivi...

(Applause)

...Na hiyo hali imefika mahali pagumu na ni vizuri tujue tumetoka wapi maswala ya senti si utaalamu wetu lakini wale wataalamu wanajua Mswada huu ambao umeletwa hapa utaingizwa pesa ngapi, utafanywa nini huo utaalamu wafanye lakini maji yapatikane hapa Kaunti ya Mombasa. Bwana Spika narudia tena si kizungu wala si Kiswahili yanayohitajika ni maji ya kunywa tena sasa hivi. Ahsante.

**The Speaker** (Hon. Khatri): Thank you Hon. Renson. Yes Hon. Junior Wambua?

**Hon. Wambua:** Ahsante Mwenyekiti, mimi nataka kuunga mkono Mswada huu. Mswada huu twauunga kwa sababu Mombasa hata wakati wa kampeni zetu watu walikuwa wakililia maji, wakitambia maji Mombasa ni shida sana na sisi tukawahakikishia ya kwamba tukiingia kwenye vyeo tutahakikisha tunawatafutia maji. Sasa Mswada ambao umeletwa na Kiongozi wa Walio Wengi Bungeni ni wa kuonyesha ya kwamba tunaelekea katika njia ambayo tulikuwa tukiitafuta kwa siku nyingi, kwa hivyo naunga mkono.

**The Speaker (Hon. Khatri):** Thank you, yes Hon. Faith.

**Hon. (Ms.) Mwende:** Ahsante sana Mheshimiwa Spika kwa kunipatia fursa hii. Hoja ilioletwa na Mheshimiwa Hamisi Mwidani ni hoja nzuri lakini shida ni kuwa kuna kitengo cha utafiti katika Bunge hili na ni kama hajawasiliana nao akajua ni mikakati gani ama akafanyiwa utafiti wa kujua kitengo cha maji kina mikakati gani kwa sababu mimi nakaa katika ile Kamati na tuliona mwaka jana Gavana alienda nje na mambo iko katika mipangilio. Kwa hivyo ni vizuri tukileta hoja tuweze kuzifanyia utafiti na tutumie ofisi zetu zenye ziko hapa katika hili Bunge vizuri ndio tukija kusiwe na lawama ilienda ikakuwa ndio twataka maji lakini utafiti ufanywe kwa kina. Pia ingekuwa vizuri kama ingekuja ni makadirio gani ambayo yanatakikana ya kukadiria hayo mambo ya kuleta hayo maji kwa vile hatuwezi sema nenda ukaombe na hujui waenda kuomba nini ama waenda kuomba kiasi gani. Kwa hivyo ni vizuri tufanye utafiti kwa kila hoja ambayo inakuja hapa Bungeni. Ahsante sana Mheshimiwa Spika na ninaomba kupinga.

**The Speaker (Hon. Khatri):** Thank you. Yes Hon. Kitula?

**Chief Whip (Hon. Kitula):** Taarifa Mheshimiwa Spika.

**The Speaker (Hon. Khatri):** Are you standing on a point of Order?

**Chief Whip (Hon. Kitula):** Taarifa Mheshimiwa Spika kwa Nyumba hii. Mheshimiwa Spika kwamba sio jukumu letu sisi kufanya utafiti; ni jukumu letu kuweza kupitisha hoja iende katika idara na idara ifanye utafiti. Ahsante.

**The Speaker (Hon. Khatri):** Yes Hon. Faith?

**Hon. (Ms.) Mwende:** Ahsante sana. Taarifa Mheshimiwa Spika naomba kumuelewesha Kinara wa Bunge wetu ya kwamba tuko na kitengo katika Bunge la Kaunti na yafaa tukitumie vizuri hawako hapa kama picha kwa sababu wanapokea mshahara mpaka tuwatumie vizuri tukija hapa tukuje na maswala ambayo tuna ufahamu nayo si kulipuka tu. Ahsante sana Mheshimiwa Spika.

**The Speaker (Hon. Khatri):** Yes Hon. Mohamed Hatimy.

**Hon. Mohamed Hatimy:** Ahsante Mheshimiwa Spika. Mheshimiwa Spika nafikiri Katiba Article 43(d) iko wazi ya kusema kuwa, 'Every person has the right to clean and safe water', nafikiri Katiba inazungumzia juu ya jambo hili lakini sasa Mheshimiwa Spika ni kusema kuwa kama vile wanavyosema ukinipiga...

---

*(Interruption)*

**The Speaker** (Hon. Khatri): Article 43 (d)?

**Hon. Mohamed Hatimy:** Article 43 (d) na kusema kuwa ukinipiga wanionea lakini ukiniwacha waniogopa. Kusema hivyo ni kuwa Mheshimiwa Spika nafikiri sisi wenyewe hatufuatilii mambo ya Kaunti yetu kwa sababu Gavana alikuwa Paris mwaka uliopita na akaweza kutia mkataba wa maelewano akiwa na wakati huo akiwa na Waziri wa maji. Waziri wa maji alikuwa naye Wamalwa...

*(Consultations)*

Eugene Wamalwa walikuwa pamoja wakasaini, nafikiri kwa muda mchache sana Mombasa itaweza kupata maji vile inavyotakikana...

*(Applause)*

Isitosheleze Mheshimiwa Spika ni kusema kuwa nafikiri kwenye miezi miwili iliopita tukiangalia kama twasoma magazeti tutaona kuwa Kaunti yetu ya Mombasa iliweza kutangaza jambo hili hili lililoletwa leo hapa ndani ya Nyumba hii watu kulizungumza. Kwa hivyo Mheshimiwa Spika ni vizuri kukumbushana lakini jambo hili liko tayari kwenye mikakati ya Kaunti ambayo sisi twaomba Mungu ampatie nguvu Gavana wetu na ni kwenye mambo alioyapa kipao mbele kabisa jambo hili la maji analijaribu kulifanya ili tuweze kufaulu Mheshimiwa Spika...

*(Interruption)*

**The Speaker** (Hon. Khatri): Yes Hon. Abrari.

**Hon. Mohamed Abrari:** Kidogo ningependa kutoa taarifa Mheshimiwa Hatimy ametuambia kuwa jambo hili tayari liko kwenye gazeti kuwa kuwa limeshatangazwa yaani ki ufupi ni kama kampuni ambazo zataka kupewa zabuni zishachaguliwa kumaanisha hili jambo linaenda nyuma ama linaenda mbele. Kwa sababu ni jambo lipite hapa mwanzo tulikubali ndio liende likatangazwe lakini sisi twashangaa tuko hapa twajadili kitu ambacho tayari kwenye magazeti kampuni ambazo zina tuma maombi kwa hio zabuni tayari zishatangazwa sasa tuko hapa twafanya nini? Sasa twajadili ama nini, kwa sababu sisi hapa ni kama kitu tayari kishapitishwa hiki kwa hivyo kimekuja tu hapa...

*(Interruption)*

**The Speaker** (Hon. Khatri): Thank you Hon. Abrari for your point of clarification. Yes Mheshimiwa Hatimy may clarify that point.

**Hon. Mohamed Hatimy:** Nasema nataka kumuambia rafiki yangu, ndugu yangu, kipenzi changu...

*(Applause and Laughter)*

Mheshimiwa Abrari ni kuwa hili jambo lilitangazwa na watu wakatuma maombi yao kusema kuwa walijaribu kuwa hii zabuni itatolewa wakati wowote, nafikiri kama Kiranja alivyozungumza kuwa Gavana alizungumza ndani ya hii Nyumba juu ya maneno haya. Kwa hivyo nasema kuwa si vibaya kuwa watu kukumbushana twaweza kupitia hoja hii tukauliza kule *Executive* kwa sababu uendeshaji wa Kaunti kila leo ni kazi ya *Executive* waweza kutuambia imefikia wapi lakini kama ninavyosema si vibaya watu kukumbushana kuleta hili jambo na tulizungumze na sisi pia tuonekane pia twalitilia mkazo hili jambo ili lipate kufanyika kwa haraka. Kwa hivyo naomba Nyumba hii sote tumuunge mkono Kiongozi wa Walio Wengi Bungeni na hoja yake ili tupate kuwakumbusha wale walioko kule juu na pia sisi twaonekana tunafanya kazi yetu. Ahsante Mheshimiwa Spika.

*(Applause)*

**The Speaker** (Hon. Khatri): Yes Hon. Ahmed Salama?

**Hon. Ahmed Salama:** Mheshimiwa Spika langu mimi ni kuunga mkono hoja hii iliyoletwa na Kiongozi wa Walio Wengi Bungeni, Hon. Hamisi Musa Mwidani na kusema kweli asilimia 95 ya miili yetu inahitaji maji na maji katika jiji la Mombasa ni shida na hii itasaidia sana. Mimi kusema tu Mheshimiwa Spika ni kwamba ikiwa...

*(Interruption)*

**The Speaker** (Hon. Khatri): Yes, Hon. Faith?

**Hon. (Ms.) Mwende:** Your Honour under Standing Order 73 (b), the Hon. Member should continue with the language which he started with, not to mix English and Kiswahili at the same time. Thank you Mr. Speaker.

*(Applause)*

**The Speaker** (Hon. Khatri): Yes Hon. Ahmed Salama you may continue.

**Hon. Ahmed Salama:** Mheshimiwa Spika maji ndani ya miili yetu ni asilimia 95, nataka kuzungumza pia makamo wa Rais wetu wa ODM kule Machakos alishindwa kuapa kwa sababu alikuwa mwoga na ikiwa alikuwa muoga Kibwezi wamepeleka maji na wao ni waoga Mombasa tutashindwa na nini Mheshimiwa Spika? Kwa hivyo hapa kwetu ni muhimu sisi kupata maji. Ahsante Mheshimiwa Spika.

**The Speaker** (Hon. Khatri): Yes, Hon. Fadhili.

**The Deputy Speaker** (Hon. Mwalimu): Mr. Speaker I am up on point of order No. 87 because I do not know where the Vice President of ODM was not able to swear on what the Honourable Member has raised; that is why I have risen by that Standing Order and I want the Hon. Member to substantiate and give facts before this Honourable House.

**The Speaker** (Hon. Khatri): Yes Hon. Salama.

**DISCLAIMER:** *The electronic version of the Official Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor Page 12*

**Hon. Ahmed Salama:** Mheshimiwa Spika nafikiri lilikuwako wazi wakati Mheshimiwa Raila Amollo Odinga alipokwenda kuapa Mheshimiwa Kalonzo Musyoka alikimbia hakwenda, mimi nilikuwa namaanisha Mheshimiwa Spika kwamba kule Kibwezi...

*(Interruption)*

**The Speaker** (Hon. Khatri): Yes Hon. Fadhili?

**The Deputy Speaker** (Hon. Mwalimu): Mr. Speaker Standing Order No. 87 states that *a Member shall be responsible for the accuracy of any facts which the Member alleges to be true and may be required to substantiate such facts instantly* and here he said that the Deputy President of ODM was unable to swear I do not know where, that is why I want him to substantiate instantly in this Honourable House.

*(Applause)*

**The Speaker** (Hon. Khatri): Yes Hon. Mohamed Hatimy.

**Hon. Mohamed Hatimy:** Mheshimiwa Spika mimi kama Hon. Hatimy nilisimamia kura za uraisi nahakikisha kuwa Mheshimiwa Kalonzo Musyoka alikuwa ni Naibu wa Raisi wa ODM, alikuwa kwenye debe.

*(Applause)*

**The Speaker** (Hon. Khatri): Thank you Hon. Mohamed Hatimy. Yes Hon. Thoya?

**Hon. Thoya:** Mheshimiwa Spika unajua ni vizuri tuangalie tumekuwa tukizunguka tumetowa hoja za kuunga mkono ama kupinga na naona tumeendelea sana na wale wenzetu ambao wanapinga saa hii wanatumia kitu inaitwa *technicality*, tusitumie *technicality* hii kitu kama imepita na umeangalia *mood of the House* tunapitisha moja kwa moja tunaenda hoja nyengine kwa sababu saa hizi unasikia mambo ya Mheshimiwa Kalonzo alikosa kuoga yanaingia hapa hapa vitu kama hivyo nimesema maji yanatakikana tena sasa hivi na haya tuliyoko nayo tunayanywa sisi wale watu wangu wa Mikindani niwapelekee nini? Nakuomba Bwana Spika hii hoja imebaki upande wako.

**The Speaker** (Hon. Khatri): Yes Hon. Bwire, do you have anything to contribute?

**Hon. Bwire:** Thank you Mr. Speaker, mine was also on same Standing Order as of that my boss Standing Order No.87. Mr. Speaker this is a House of rules and regulations and whenever a Member is on the floor he or she is required to give the facts; one we are not in a desert where we need water 95 per cent, nobody could be alive as we speak, two, just as the Deputy Speaker said Hon. Kalonzo was not a Deputy, a Vice President on ODM but was in NASA that is you have to substantiate. We are just putting things in place meanwhile...

*(Interruption)*

**The Speaker** (Hon. Khatri): Yes, Hon. Ogutu.

**Hon. Ogutu:** Mr. Speaker NASA was not on the ballot paper, it was ODM.

**The Speaker** (Hon. Khatri): Thank you. Hon. Members I think we can move on you are all elected here to come and represent your people here, so let us look at what is the most important thing we can do in this House instead of just wasting time here and there. Hon. Bwire can you please contribute something on this debate?

**Hon. Bwire:** No, thank you Mr. Speaker.

**The Speaker** (Hon. Khatri): And let alone about Hon. Kalonzo if he was in ODM, he was in NASA, he was in Jubilee that is a passed by event so let us continue with this Motion and please give your contributions.

**Hon. Bwire:** Thank you those are the effects of history otherwise Mr. Speaker I would wish to support the Motion...

*(Applause)*

...That we have a major problem within our County and that is water and everybody knows that nothing can happen without water; so many issues depend on water for us to be here in fact we are here and we are taking water and we are in a very conducive environment so you can imagine how water is so important to day-to-day activities of a human being. So I would wish to support and urge this House also to support the same but let us have the timelines Mr. Speaker because we have been passing here Motions and Bills and without implementation from the Executive wing. So I would wish to urge the Executive as well through the Majority Leader that this issue is very crucial and it needs a lot of urgency so whenever we pass it as we are going to do it here, kindly make it as an emergency issue or urgent issue and do it on in time. Thank you.

**The Speaker** (Hon. Khatri): Yes Hon. Feddis Salama?

**Hon. (Ms.) Mbura:** Ahsante sana Mheshimiwa Spika na kwanza nampongeza Mheshimiwa mwenzangu aliyeleta hii hoja na kama Waheshimiwa tuliochaguliwa ama kuteuliwa katika hili Bunge na amekuwa wazi akasema tutengeneze sheria kuweza kumpa nafasi Mheshimiwa Gavana kuleta hii mitambo. Tunajua sote mashinani kuna shida ya maji na shida ikiingia ya maji mwenye anapata shida ni mama na mtoto wa kisichana; mfano hai kabisa Mwakirunge watoto wanabakwa, wamama wanabakwa kwa sababu ya kukesha kutafuta maji. Sasa nashangaa Wabunge wenzangu wakisema ama wakiuliza mambo ni pesa ngapi? Utafiti umefanywa lini? Hii si kazi yetu, kazi yetu ni kupitisha sheria...

*(Applause)*

...ili kuumpa nguzu Mheshimiwa Gavana anapoingia mabenki, anapofika kwa wafadhili aweze kupata pesa na kuleta maji katika eneo letu la Kaunti ya Mombasa na jamii yetu mashinani waweze kupata maji na kufaidika.

**DISCLAIMER:** *The electronic version of the Official Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor*

Kwa hivyo mimi nauunga mkono asilimia mia kwa mia kwa sababu nina sababu nyingi sana kupitia Mwakirunge watoto wamebakwa, wamama wamebakwa. Ahsanteni sana.

**The Speaker** (Hon. Khatri): Yes Hon. Bernard Ogutu.

**Hon. Ogutu:** Ahsante sana Bwana Spika mimi kwanza ningependa kusema kwamba iko shida ndani ya Kaunti yetu; *Executive* na Bunge wako *drift* kubwa sana na kuna mambo yanayoendelea kule ambayo yanahusu sisi kama wawakilishi wa watu kule mashinani na sisi hatuambiwi...

*(Interruption)*

**The Speaker** (Hon. Khatri): Hon. Member we are debating on this issue.

**Hon. Ogutu:** *I am coming there Mr. Speaker*; naja hapo kabisa. Leo Bwana Spika tunaambiwa ya kwamba Gavana alienda nje akapata wafadhili wakaweka makubaliano na mradi kama huu pengine utafanyika wakati wowote zabuni imetangazwa na sisi kama Bunge la Kaunti hatujajulishwa. Ni muhimu Bwana Spika tuwe na wakati wa kuleta hawa Mawaziri wetu pengine baada ya mwezi mmoja waje watueleze ni mipangilio gani wako nayo na nini inaendelea ndani ya Kaunti yetu maana yake Bwana Spika...

*(Interruption)*

**The Speaker** (Hon. Khatri): Hon. Ogutu are you sitting on the Committee of water?

**Hon. Ogutu:** No.

**The Speaker** (Hon. Khatri): Is there any Member who is sitting on that Committee, maybe they are aware about it or I think Members...

**Hon. Ahmed Salame:** Ahsante Mheshimiwa Spika mimi nikiwa ni mmoja wa wanakamati hatujayapata. Ahsante.

**The Speaker** (Hon. Khatri): Ok, you may continue Hon. Ogutu.

**Hon. Ogutu:** Kwa hivyo Bwana Spika si Kamati ya Maji peke yake; kuna hata mambo ya nyumba watu wamepewa notisi kule hakuna hata Mwenyekiti wa Kamati ya Ardhi haelewi, kwa hio kuna shida ila ambayo ningependa kusema mradi huu ni mzuri ambapo tunaweza kuusukuma kama Bunge la Kaunti tupitishe huu Mswada halafu iende pengine ile ya Gavana itakuja kuchelewa hii yetu ya Bunge la Kaunti pengine itakuja kwanza. Kwa hivyo mimi naomba kuunga mkono lakini Bwana Spika kupitia nguvu zako tuweze kuwa na siku ambayo tunapata taarifa kutoka kwa *Executive* kuhusiana na yale ambayo yanaendelea katika Kaunti yetu. Ahsante sana.

**The Speaker** (Hon. Khatri): Yes Hon. Mary Naliaka?

**Hon. (Ms.) Wafula:** Ahsante sana Bwana Spika kwa kunipa fursa hii. Mimi ningependa kupinga huu Mswada kwa sababu zifuatazo; moja sisi Wabunge ama wajumbe wa hili Jumba kazi zetu ni tatu kwa kimombo tunasema, *representation, oversight and legislation* ambapo ni kusema sisi tunafanya kazi ya *oversight* inamaanisha ya kwamba lazima tuwe na ule ufasaha, tuwe na ule ufahamu. Kwa hivyo nikisikia kwamba Mheshimiwa anaamka na kusema ya kwamba hatustahili kujua ni fedha zipi zitatumika, kiasi kipi na kama huu mradi utawezekana ama haitawezekana. Ninasikitika maana ni kana kwamba hatujielewi sasa kama wewe huelewi jinsi huu mradi utakavyoendeshwa una maana kuchangia? Na kama hivi vitengo ambavyo tuna kitengo cha utafiti kama hatuwezi kwenda pale tukafanya huo udadisi Bwana Spika itakuwa tunajidanganya...

*(Interruption)*

**The Speaker** (Hon. Khatri): Yes Hon. Feddis?

**Hon. (Ms.) Mbura:** Ningeomba Mheshimiwa atumie lugha ambayo ni ya nidhamu katika hili Bunge sio kwamba hatujielewi; kama ingekuwa hatujielewi, hatungekuwa hapa kwa hivyo ningeomba tafadhali aweze kuomba msamaha Waheshimiwa wenzake hapa twajielewa ndio maana tukachaguliwa kuingizwa katika Bunge. Ahsante.

*(Applause)*

**The Speaker** (Hon. Khatri): Yes Hon. Mary Naliaka can you clarify. Hon. Member...

*(Interruption)*

**Hon. (Ms.) Wafula:** Wacha nimueleweshe Mheshimiwa Spika...

*(Interruption)*

**The Speaker** (Hon. Khatri): Hon. Member you cannot speak on behalf of other Members maybe it is you who don't understand yourself...

*(Applause)*

...it seems that it is yourself that *hujielewi* so clarify that one, you cannot speak on behalf of other Members.

**Hon. (Ms.) Wafula:** *I stand to be directed and that's why nimekaa chini kwa hiyo nidhamu lakini nimesema hivi sijasema kwamba...*, unajua kuna vile kuelewa inategemea vile wewe unaelewa Bwana Spika kwa hivyo tusifundishane lugha hapa tumekuja kwa sababu ya kuchangia huu Mswada tafadhali...

*(Interruption)*

**The Speaker** (Hon. Khatri): Yes Hon. Thoya?

**Hon. Thoya:** I think Mr. Speaker other than wasting more time is much better the Hon. Member own that mistake and withdraw completely; let her withdraw if herself *hajielewi*, *aseme yeye hajielewi asiseme sisi sote hatujielewi ama atoe hayo maneno na aombe msamaha*. Thank you.

**The Speaker** (Hon. Khatri): Hon. Mary I think it was very clear you said, *sisi Waheshimiwa hatujielewi* so just withdraw that.

**Hon. (Ms.) Wafula:** I withdraw.

*(Applause)*

**The Speaker** (Hon. Khatri): Halafu urekebishe useme kuwa wewe ndio hujielewi...

*(Laughter)*

**Hon. (Ms.) Wafula:** Hapo sitokubali manake nimesema...

*(Laughter)*

...Hata mimi pia nina nafasi ya kujitetea. Bwana Spika nikiendelea na mada ningependa kusema ya kwamba nilikuwa tu ninawasihi wenzangu ya kwamba tutumie hivyo vitengo maana ina maana kwamba hatuvitumii ndio maana tunataka kupitisha hoja kwa sababu ya kupendezana, mimi musininukuu kwa ubaya tafadhali na jambo lengine ningependa kusema kuhusiana na fedha na mkopo ambao tunahitaji lazima tuwe tumepewa hizo hesabu hapa tuwe tunajua hata kama tutakopa, tutakopa pesa ngapi maana kukopa si kubaya lakini lazima tuambiwe wazi kwa kimombo tunasema isiwe *vague* ukipitisha hapa ya kwamba tutakopa hapa na tukopeshe trillions unajua hata wewe utakuwa huko ndani. Kwa hivyo mimi nikisimama hapa ninasimama ya kwamba Mswada ni mzuri lakini ningeomba Kiongozi wa Walio Wengi akaufanyie ukarabati ili ukaweze kupitishwa tukijua ya kwamba hiki kiasi na mahali pengine utawekwa ni mahali fulani. Ahsante.

**The Speaker** (Hon. Khatri): Yes Hon. Feddis?

**Hon. (Ms.) Mbura:** Kuna jambo ambalo lengine nataka kumfahamisha Mheshimiwa mwenzangu kwamba hapa Mheshimiwa Mwidani amesema tutengeneze sheria tuweze kumpa nguvu aweze kupata nguvu kuingia mabenki, kuingia kwa wafadhili hakuna neno kukopa nataka nilitoe hilo neno kukopa iwe niku...

*(Interruption)*

**The Speaker** (Hon. Khatri): Yes Hon. Nzai?

**Hon. Nzai:** Ahsante sana Mheshimiwa Spika kwa kunipa nafasi hii mimi kuweza kuchangia yangu mawili; mwanzo ningependa kumshukuru Kiongozi wa Walio Wengi kwa kuleta Mswada huu ambao kwa kweli huenda ukawa suluhu ya shida zetu kwa watu wetu sehemu zitokazo hususan mimi Kombe Nzai wa Kadzandani.

Mheshimiwa Spika Mswada ambao umeletwa kwa Nyumba hii ni mzuri sana japo hapa na pale dosari zinaonekana hususan kwa kujadili jambo ambalo tayari limefanyiwa *tendering* sijui neno hilo kwa Kiswahili linaitwaje? Mimi ningependa kuongezea kitu kidogo tu Mheshimiwa Spika, ikiwa Mheshimiwa mwenzangu aliyeleta hoja hii angeweza kuingiza mstari mmoja wa kusema kila Wodi mtambo huu upatikane itakuwa bora zaidi maana mifereji ilioko katika Wodi zetu sijui ni lini yalitoa maji. Mheshimiwa Spika nikiwa tunataka kweli tupambane na shida ya maji basi ningepomba mtambo huu uwe katika kila Wodi; Kadzandani nipate wangu, kule Mwakirunge ufike mwengine kwa sababu mikono hii ya bahari inatukurumba sote tulio hapa. Ahsante sana Mheshimiwa Spika ilikuwa nataka kuongezea hapo tu.

**The Speaker** (Hon. Khatri): Yes Hon. Abrari? Are you on a point of order? You cannot contribute two times Hon. Abrari; I think you have already contributed so, point of Information.

**Hon. Mohamed Abrari:** *I was just informing.* Mheshimiwa Spika naona twazidi kupoteza muda, hili ni Bunge na kuna Mswada mwengine ambao yafaa tuujadili na kama Mheshimiwa Hatimy alivyozungumza hili jambo tayari lilikuwa lishakuwa *tendered* hii hapa tunakuja kuipitisha kwa sababu kama isingekuwa *tendered* wasingepoleka kwa gazeti kama haijapitishwa na Bunge. Kwa hivyo sisi hapa imekuja kama *procedure* ya kuipitisha hii hoja tuipitisheni turuke kwenye mada nyengine kwa sababu hata tukikataa tunapata kitu kishapelekwa kwenye gazeti na ishafanyiwa *tender*.

**The Speaker** (Hon. Khatri): Yes Hon. Mary Osongo do you have anything to contribute?

**Hon. (Ms.) Osongo:** Thank you Mr. Speaker for the opportunity you have given to me I support the Motion in that most of the people that are suffering are the children and women so I think in Mombasa County we are surrounded with water. We went to Singapore the place is also surrounded with water like Mombasa and there's fresh water, they have plants that purify the salt water that is surrounding them so I think if that will be applied here in Mombasa the life will be cheap to the person who is on the ground; the women will get fresh water even they will be satisfied with the fresh water for drinking and even our children who are in schools I see most of them carrying water, they are being told to carry fresh water with them, they have no fresh water in their schools and these are our responsibilities, so if we pass this Motion I think even our people will be happy about it so I really support 100 per cent. Thank you.

**The Speaker** (Hon. Khatri): Yes Hon. Hamisi Musa Mwidani can you please reply?

**Leader of Majority** (Hon. Mwidani): Kwanza natoa shukran kwa wale wote waliounga mkono na pia kuwafahamisha ya kwamba huu Mswada si wangu kama MCA wa Mtongwe, huu Mswada ni wa serikali yetu ya Kaunti ya Mombasa...

*(Applause)*

Na Bwana Spika pia wale wasio unga mkono nawashukuru ni haki yao lakini huu Mswada ni wa serikali; nataka kuwaeleza kwamba serikali itakapokuwa inaomba lazima hiyo kiwango cha fedha italetwa kwa Jumba hili hili ndio iangalie ipitishwe kwa sababu sasa hivi huwezi kuweka kiwango na huku hujasikizana na wale watu utakopesha pesa ngapi?

Hivyo basi ndio tumesema tuwaunge mkono wakopeshe, ningependa kusema pia lazima turekebishe kwenye maamuzi na tumesema, *Mombasa as well as borrow any funds*, irekebishwe *to say to borrow funds not any funds* ningependa tufanye hayo marekebisho. Kwa hivyo Bwana Spika nashukuru Bunge hili kwa kuweza kupitisha huu Mswada ni kwamba hata kama yapi yamefanyika lakini bila kupita hapa na kufanywa sheria yote yangekuwa ni *null and void*. Kwa hivyo hivi sasa ndio tunafanya mambo kihalali na ndio tutampa nguvu Gavana kuweza kutafuta hii miradi kama ni mtambo ni wa kuzungumza wapi London hii ndio sasa twampa uwezo yale mengine yote yalikuwa yakizungumzwa ni nje tu hapa siasa ni siasa hata Mheshimiwa yeyote anaweza kwenda kwa Wodi yake akasema kesho tutajenga hii na kwenye bajeti hakuna. Mheshimiwa Spika nimewashukuru Wabunge kuweza kupitisha huu Mswada na ni Mswada wetu wa serikali ya Mombasa Kaunti. Ahsante sana.

**The Speaker** (Hon. Khatri): Thank you Hamisi Musa Mwidani. Hon. Members I now put the question the Motion on Construction of two desalination plants within the County of Mombasa by Hon. Hamisi Musa Mwidani be considered in this House with the same terms?

*(Question put and agreed to)*  
*(Applause)*

...yes Clerk?

### MOTION

Yes Hon. Mwamwiri?

**Hon. Athman Mwamwiri:** Ahsante sana Mheshimiwa Spika kwa heshima na taadhima naomba Jumba hili kuweza kupeleka mbele Mswada huu hadi juma lijalo kwa sababu ninazozijua mimi mwenyewe Mheshimiwa Spika.

**The Speaker** (Hon. Khatri): Thank you Hon. Mwamwiri I think it's fine you can bring the Motion on the next House Business Meeting we will schedule it. Thank you, yes Clerk?
